Cobalt Cover-Up Lance Cooper 2020-02-25 Following a deadly car crash, small-town lawyer Lance Cooper risked everything to battle one of the most powerful auto corporations in the world to get justice for a young woman. A fast-paced, journalistic account of tragedy turned to triumph, despair to hope, Cobalt Cover-Up is an inspirational, thoroughly compelling, and victorious read. In the midst of his own family struggles, small-town Georgia lawyer Lance Cooper agreed to defend Ken and Beth Melton and investigate the deadly accident that killed their daughter Brooke after she inexplicably lost control of her Chevy Cobalt. But what started as a heartbreaking yet all too common lawsuit quickly escalated into a David vs. Goliath case when Cooper discovered shocking evidence that General Motors concealed an ignition switch defect for nearly a decade--resulting in 124 deaths, including Brooke's, and risking the lives of millions more. Despite GM's settlement offers and attempts to bury evidence, Cooper refused to back down and worked tirelessly to expose the truth. Locked in a tenacious legal fight, Cooper and the Meltons faced incredible odds--Ken and Beth losing jobs and suffering the difficulty of grieving a beloved daughter during a court battle, Cooper risking his reputation and private practice against the overwhelming opposition from GM's team of lawyers, and both parties facing massive financial strain. Yet, in the relentless pursuit for justice and to protect future innocent lives, this small-town lawyer and a working-class American couple stared down the biggest US auto manufacturing mogul and ultimately transformed the entire industry.

The Six Ways of Atheism Geoffrey Berg 2009 Geoffrey Berg, a graduate of Cambridge

University, England, believes the case for atheism has never been put in as forceful and logically cogent a way as it merits, least of all by the great philosophers. In this book he sets out to remedy that by strengthening some traditional atheistic arguments and by initiating some new logical arguments for atheism. Geoffrey Berg develops six simple completely logical arguments in clear language that practically everybody can understand in a way that has never been done before to prove that belief in God is not merely unsupported by Logic but is actually contrary to Logic. This is a groundbreaking book because it is probably the first attempt by a single author that devotes an entire book to absolutely disproving the existence of God, all the time matching verbal arguments with strictly logical formulations of the argument. It aims to crystallize the case for atheism in a way that has not been done before. It is likely in retrospect to be seen as a landmark book because some of the novel arguments in this book are likely to be used hereafter by people around the world.

Mountain Moving Memoirs Flowing From the Chambers of My Heart Geraldine Dalton Neal 2019-03-27 This book is a collection of memoirs and short stories. Some are factual and others are fiction written over a course of twelve years. Life has a way of taking us through unexpected paths, some dark and bleak. God balances them out with joy, peace, and lasting contentment through life's challenges, family situations, seasons, love, and the list goes. My prayer for you is as you read this book, you'll be encouraged to see the glass as being half full instead of empty; that you will began to obtain happiness by looking at life through the eyes of a child; and that you will keep love, forgiveness, and expect the best first of yourself and appreciate and have compassion on others. We are all a "work in progress." I believe our gifts bind us to a higher power of God. The more we apply it, the closer we become to each other. When you finish this book, you will know that there are no "small" gifts. All gifts given by God are indeed good. This book was written by the anointing and power of God to bring deliverance to all in need. Some of them will make you laugh, cry, and think about life. All those who read it will go away refreshed with a new outlook on life. I encourage you to pass it on to family and friends. They will be thankful for years to come!
