The Book of M Peng Shepherd 2018-06-05 Brad Thor's Summer 2018 Fiction Pick for THE TODAY SHOW! "Eerie, dark, and compelling, [The Book of M] will not disappoint lovers of The Passage (2010) and Station Eleven (2014)." --Booklist WHAT WOULD YOU GIVE UP TO REMEMBER? Set in a dangerous near future world, The Book of M tells the captivating story of a group of ordinary people caught in an extraordinary catastrophe who risk everything to save the ones they love. It is a sweeping debut that illuminates the power that memories have not only on the heart, but on the world itself. One afternoon at an outdoor market in India, a man’s shadow disappears—an occurrence science cannot

explain. He is only the first. The phenomenon spreads like a plague, and while those afflicted gain a strange new power, it comes at a horrible price: the loss of all their memories. Ory and his wife Max have escaped the Forgetting so far by hiding in an abandoned hotel deep in the woods. Their new life feels almost normal, until one day Max's shadow disappears too. Knowing that the more she forgets, the more dangerous she will become to Ory, Max runs away. But Ory refuses to give up the time they have left together. Desperate to find Max before her memory disappears completely, he follows her trail across a perilous, unrecognizable world, braving the threat of roaming bandits, the call to a new war being waged on the ruins of the capital, and the rise of a sinister cult that worships the shadowless. As they journey, each searches for answers: for Ory, about love, about survival, about hope; and for Max, about a new force growing in the south that may hold the cure. Like *The Passage* and *Station Eleven*, this haunting, thought-provoking, and beautiful novel explores fundamental questions of memory, connection, and what it means to be human in a world turned upside down.

But during their captivity, resourceful Dashti discovers that there is something far more sinister behind her princess's fears of marrying the prince, and when they do break free from the tower, they find a land laid to waste and the kingdom destroyed. They were safe in the tower, now they are at the mercy of the evil prince with a terrible secret. Thrilling, captivating, and a masterful example of storytelling at its best. Eminent Hipsters Donald Fagen 2014-10-28 A witty, candid, sharply written memoir by the cofounder of Steely Dan In his entertaining debut as an author, Donald Fagen—musician, songwriter, and cofounder of Steely Dan—reveals the cultural figures and currents that shaped his artistic sensibility, as well as offering a look at his college days and a hilarious account of life on the road. Fagen presents the “eminent hipsters” who spoke to him as he was growing up in a bland New Jersey suburb in the early 1960s; his colorful, mind-expanding years at Bard College, where he first met his musical partner Walter Becker; and the agonies and ecstasies of a recent cross-country tour with Michael McDonald and Boz Scaggs. Acclaimed for his literate lyrics and complex arrangements as a musician, Fagen here proves himself a sophisticated writer with his own distinctive voice.

Graphic Design Theory Helen Armstrong 2012-08-10 Graphic Design Theory is organized in three sections: "Creating the Field" traces the evolution of graphic design over the course of the early 1900s, including influential avant-garde ideas of futurism, constructivism, and the Bauhaus; "Building on Success" covers the mid- to late twentieth century and considers the International Style, modernism, and postmodernism; and "Mapping the Future" opens at the end of the last century and includes current discussions on legibility, social responsibility, and new media. Striking color images illustrate each of the movements discussed and demonstrate the ongoing relationship between theory and practice. A brief commentary prefaces each text, providing a cultural and historical framework through which the work can be evaluated. Authors include such influential designers as Herbert Bayer, L'szlo Moholy-Nagy, Karl Gerstner, Katherine McCoy, Michael Rock, Lev Manovich, Ellen Lupton, and Lorraine Wild. Additional features include a timeline, glossary, and bibliography for further reading. A must-have survey for graduate and undergraduate courses in design history, theory, and contemporary issues, *Graphic Design Theory* invites designers and interested readers of all levels to plunge into the world of design discourse.

Gone Tomorrow Lee Child 2009-05-19 #1 NEW YORK TIMES BESTSELLER • THE BLOCKBUSTER JACK REACHER SERIES THAT INSPIRED TWO MAJOR MOTION PICTURES AND THE UPCOMING STREAMING SERIES REACHER “High-powered, intricately wrought suspense.”—Janet Maslin, *The New York Times* New York City. Two in the morning. A subway car heading uptown. Jack Reacher, plus five other passengers. Four are okay. The fifth isn't. And if you think Reacher isn't going to get involved . . . then you don't know Jack. Susan Mark, the fifth passenger, had a big secret, and her plain little life was being watched in Washington, and California, and Afghanistan—by dozens of people with one thing in common: They're all lying to Reacher. A little. A lot. Or just enough to get him killed. A race has begun through the streets of Manhattan, a maze crowded with violent, skilled soldiers on all sides of a shadow war. For Jack Reacher, a man who trusts no one and likes it that way, the finish line comes when you finally get face-to-face and look your worst enemy in the eye. “Propulsive . . . [Child is] an expert at ratcheting up tension.”—Los Angeles Times “Hold on tight. . . . This novel will give you whiplash as you rabidly turn pages. . . . May be [Lee Child's] best.”—USA Today

We Saw Scenery Merrill Markoe 2020-10-13 “Merrill Markoe got all the talent. In addition to being an Emmy-award winning comedy writer, she's also a top-notch artist. *We Saw Scenery* is revealing, sad, funny, and, above all, relatable. Merrill captures the experience of a young woman finding—and holding onto—her own voice. And we're all lucky she did.” —Nell Scovell, author of *Just the Funny Parts* In her first-ever graphic memoir, four-time Emmy-winning comedy writer Merrill Markoe unearths her treasured diaries, long kept under lock and key, to illustrate the hilarious story of her preteen and teen years and how she came to realize that her secret power was her humor. Wielding her layered and comically absurd style, Markoe takes readers back through her time as a Girl Scout, where she learned that “scouting” was really more about learning housewifery skills, to her earliest crushes on uniquely awful boys and her growing obsession with television. Much has changed in our world since Markoe wrote in her diaries, or has it? Climate change wasn't yet a rallying call, but the growing hole in the ozone preoccupied Markoe's young mind. No one was flocking to the desert for Burning Man, but Markoe readily partook in the Ken Kesey Acid Test. As she charts the divide between her adolescence and adulthood, Markoe questions and berates her younger self, revealing how much is opaque to us in those young years. Perfect for fans of Roz Chast, Allie Brosh, and Lynda Barry, *We Saw Scenery* is a laugh-out-loud story of a girl growing up, told from the perspective of the woman she became, and it will speak to all who wanted to understand themselves in the midst of their own maturing.
