and Clinical Issues (3rd ed.) is written to help counselors reflect on the specific requirements of their profession in light of the new code. The previous two editions, published in 1991 and 2001, focused primarily on the legal dimensions of documentation in the counseling professions. In response to the new code, this third edition builds ...

Bitcoin: A Peer-to-Peer Electronic Cash System

benefits are lost if a trusted third party is still required to prevent double-spending. We propose a solution to the double-spending problem using a peer-to-peer network. The network timestamps transactions by hashing them into an ongoing chain of hash-based proof-of-work, forming a record that cannot be changed without redoing the proof-of-work.
