Standards for the Accommodation and Care of Animals

mammals, birds, reptiles, fish, amphibians and invertebrates; 4. Welfare shall refer to the physical, behavioural and social well-being of animals through the provision of appropriate conditions for the species involved, including but not necessarily limited to housing, environment, diet, veterinary care and social contact where applicable; 5.

EUTHANASIA REFERENCE MANUAL – HumanePro

threat of rabies and other diseases diminished,

the population of domestic pets skyrocketed, and with this increase in numbers came various methods for eliminating homeless animals; sadly, humane considerations were often secondary. Over the years, many techniques were tried in search of “better” methods. Tragically, drown-
