Tasting the Sky Ibtisam Barakat 2007-02-20 Winner, Arab American National Museum Book Award for Children's/YA Literature, among other awards and honors. "When a war ends it does not go away," my mother says. "It hides inside us . . . Just forget!" But I do not want to do what Mother says . . . I want to remember. In this groundbreaking memoir set in Ramallah during the aftermath of the 1967 Six-Day War, Ibtisam Barakat captures what it is like to be a child whose world is shattered by war. With candor and courage, she stitches together memories of her childhood: fear and confusion as bombs explode near her home and she is separated from her family; the harshness of life as a Palestinian refugee; her unexpected joy when she discovers Alef, the first letter of the Arabic alphabet. This is the beginning of her passionate connection to words, and as language becomes her refuge, allowing her to piece together the fragments of her world, it becomes her true home.

Transcending the particulars of politics, this illuminating and timely book provides a telling glimpse into a little-known culture that has become an increasingly important part of the puzzle of world peace.

The Beast Oscar Martinez 2014-06-03 ONE OF THE BEST BOOKS OF THE YEAR, The Economist and The Financial Times "Harrowing" true stories from two years of immersion reporting on the migrant trail from Chiapas to Arizona—an "honorable successor to enduring works like George Orwell's *The Road to Wigan Pier*" (New York Times) One day a few years ago, 300 migrants were kidnapped between the remote desert towns of Altar, Mexico, and Sasabe, Arizona. A local priest got 120 released, many with broken ankles and other marks of abuse, but the rest vanished. Óscar Martínez, a young writer from El Salvador, was in Altar soon after the abduction, and his account of the migrant disappearances is only one of the harrowing stories he garnered from two years spent traveling up and down the migrant trail from Central America and across the US border. More than a quarter of a million Central Americans make this increasingly dangerous journey each year, and each year as many as 20,000 of them are kidnapped. Martínez writes in powerful, unforgettable prose about clinging to the tops of freight trains; finding respite, work and hardship in shelters and brothels; and riding shotgun with the border patrol. Illustrated with stunning full-color photographs, *The Beast* is the first book to shed light on the harsh new reality of the migrant trail in the age of the narcotraficantes.

It's the great world novel! This is the international story of our times. Masterful." --Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride a bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach the north, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a *Grapes of Wrath* for our times" and "a new American classic," Jeanine Cummins's *American Dirt* is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

Mexifornia Victor Davis Hanson 2021-07-13 Part history, part political analysis, and part memoir, *Mexifornia* is an intensely personal work by one of our most important writers. Victor Davis Hanson, known for his military histories and his social commentary, is a fifth-generation Californian who lives on a family farm in the Central Valley and has written eloquent elegies on the decline of agrarianism, *Fields Without Dreams* and *The Land Was Everything*. Here too, he ponders what has changed in California over the past quarter century, examining how the state and the Southwest more broadly—indeed, the entire nation—have been altered by hemorrhaging borders. Hanson admires the ambition and vigor of immigrants who have helped make California strong, but he indicts the disordered immigration policies that led to the present mess. He also illuminates the ways those policies are harmful to people who have come from Mexico and Central America seeking a better life in the United States. Nearly twenty years after the first publication of *Mexifornia*, Hanson offers an update on the continuing tragedy of illegal immigration. At the same time, he remains hopeful that our traditions of integration, assimilation, and intermarriage may yet remedy a predicament created by politicians and ideologues.

Children of Immigration Carola Suárez-Orozco 2009-06-30 Now in the midst of the largest wave of immigration in history, America, mythical land of immigrants, is once again contemplating a future in which new arrivals will play a crucial role in reworking the fabric of the nation. At the center of this prospect are the children of immigrants, who make up one fifth of America's youth. This book, written by the codirectors of the largest ongoing longitudinal study of immigrant children and their families, offers a clear, broad, interdisciplinary view of who these children are and what their future might hold. For immigrant children, the authors write, it is the best of times and the worst. These children are more likely than any previous generation of immigrants to end up in Ivy League universities—or unschooled, on parole, or in prison. Most arrive as motivated students, respectful of authority and quick to learn English. Yet, at the same time, many face huge obstacles to success, such as poverty, prejudice, the trauma of immigration itself, and exposure to the materialistic, hedonistic world of their native-born peers. The authors vividly describe how forces within and outside the family shape these children's developing sense of identity and their ambivalent relationship with their adopted country. Their book demonstrates how "Americanization," long an immigrant ideal, has, in a nation so diverse and full of contradictions, become ever harder to define, let alone achieve.

Not a Bean Claudia Guadalupe Martínez 2019-11-05 A Mexican jumping bean isn't a bean at all. It's a fascinating home and food source for a special kind of caterpillar! With Spanish vocabulary and a clever counting concept, this poetic story shares the life cycle of a Mexican jumping bean. This curious jumping insect is actually a seedpod from a shrub called yerba de la flecha, into which a caterpillar burrows, living inside the pod until it builds a cocoon and breaks out as a moth. Perfect for preschoolers and prereaders, this creative picture book explores the Mexican jumping bean's daily life and eventual transformation and escape from the pod.

The Miracle & Tragedy of the Dionne Quintuplets Sarah Miller 2019-08-27 In this riveting, beyond-belief true story from the author of *The Borden Murders*, meet the five children who captivated the entire world. When the Dionne Quintuplets were born on May 28, 1934, weighing a grand total of just over 13 pounds, no one expected them to live so much as an hour. Overnight, Yvonne, Annette, Cécile, Émilie, and Marie Dionne mesmerized the globe, defying medical history with every breath they took. In an effort to protect them from hucksters and showmen, the Ontario government took custody of the five identical babies, sequestering them in a private, custom-built hospital across the road from their family—and then, in a stunning act of hypocrisy, proceeded to exploit them for the next nine years. The Dionne Quintuplets became a more popular attraction than Niagara Falls, ogled through one-way screens by sightseers as they splashed in their wading pool at the center of a tourist hotspot known as Quintland. Here, Sarah Miller reconstructs their unprecedented upbringing with fresh depth and subtlety, bringing to new light their resilience and the indelible bond of their unique sisterhood.

Thunderstruck Erik Larson 2006-10-24 A true story of love, murder, and the end of the world's "great hush." In *Thunderstruck*, Erik Larson tells the interwoven stories of two men—Hawley Crippen, a very unlikely murderer, and Guglielmo Marconi, the obsessive creator of a seemingly supernatural means of communication—whose lives intersect during one of the greatest criminal chases of all time. Set in Edwardian London and on the stormy coasts of Cornwall, Cape Cod, and Nova Scotia, *Thunderstruck* evokes the dynamism of those years when great shipping companies competed to build the biggest, fastest ocean liners; scientific advances dazzled the public with visions of a world transformed; and the rich outdid one another with ostentatious displays of wealth. Against this background, Marconi races against incredible odds and relentless skepticism to perfect his invention: the wireless, a prime catalyst for the emergence of the world we know today. Meanwhile, Crippen, "the kindest of men," nearly commits the perfect murder. With his unparalleled narrative skills, Erik Larson guides us through a relentlessly suspenseful chase over the waters of the North Atlantic. Along the way, he tells of a sad and tragic love affair that was described on the front pages of newspapers around the world, a chief inspector who found himself strangely sympathetic to the killer and his lover, and a driven and compelling inventor who transformed the way we communicate.

Who's Irish? Gish Jen 2012-08-29 The stories in *Who's Irish?* show us the children of immigrants looking wonderingly at their parents' efforts to assimilate, while the older generation asks how so much selfless hard work on their part can have yielded them offspring who'd sooner drop out of life than succeed at it. With dazzling wit and compassion, Gish Jen—author of the acclaimed novels *Typical American* and *Mona in the Promised Land*—looks at ambition and compromise at century's end and finds that much of the action is as familiar—and as strange—as the things we know to be most deeply true about ourselves.
