The Road I Call Home Randy Bacon 2021-06-15 THE ROAD I CALL HOME is a significant book spotlighting the breathtaking photographic portraits of the homeless and their stories. Through the lens of multi award winning, prominent photographer, filmmaker and humanitarian, Randy Bacon, THE ROAD I CALL HOME beautifully presents over 200 pages of portraits and narratives from the exhibition, which has traveled to numerous museums, galleries and venues nationwide. THE ROAD I CALL HOME features simple, direct, emotive, casual studio portraits that emphasize the beauty, dignity and integrity of the homeless and is accompanied by heartfelt narratives, personally told by each person. The unforgettable photography and stories are rooted in compassion and belief that, as a community, we can approach homelessness by choosing to see the beauty of each person in front of us – rather than the issues that overwhelm us. Homelessness is an issue that can easily overwhelm us. You don't have to go far in everyday life to literally come face-to-face with homelessness. We see the stark reality as we drive through our communities, as we walk down our streets and within the media. We see the heartbreaking struggle of too many people that don't have a house, which stirs emotion in each of us. Homelessness is an issue of humanity – over 600,000 people are homeless in the United States, a staggering 150 million humans living homeless worldwide and almost 2 billion living with inadequate housing. THE ROAD I CALL HOME looks to build new awareness about our relationship to homelessness and to each other – to give a voice to the voiceless and begin conversations that will be catalysts for people to get involved. THE ROAD I CALL HOME challenges viewers to look at homelessness with eyes of love and compassion, not negative judgment – to inspire people to simply acknowledge those in need, trusting that we are the same and just wanting to love and be loved. When we take time to listen to another person's journey, we begin the process of turning a stranger into a friend and opening our hearts to another human being.

Songs in the Key of Z Irwin Chusid 2000 Outsider musicians can be the product of damaged DNA, alien abduction, drug fry, demonic possession, or simply sheer obliviousness. This book profiles dozens of outsider musicians, both prominent and obscure—figures such as The Shaggs, Syd Barrett, Tiny Tim, Jandek, Captain Beefheart, Daniel Johnston, Harry Partch, and The Legendary Stardust Cowboy—and presents their strange life stories along with photographs, interviews, cartoons, and discographies. About the only things these self-taught artists have in common are an utter lack of conventional tunefulness and an overabundance of earnestness and passion. But, believe it or not, they're worth listening to, often outmatching all contenders for inventiveness and originality. A CD featuring songs by artists profiled in the book is also available.

Distinctive to this text is its integration of the standard topics with others now considered important to the field, including syntactic change, grammaticalization, sociolinguistic contributions to linguistic change, distant genetic relationships, areal linguistics, and linguistoprehistory. Examples are taken from a broad range of languages; those from the more familiar English, French, German, and Spanish make the topics more accessible, while those from non-Indo-European languages show the depth and range of the concepts they illustrate. This second edition features expanded explanations and examples as well as updates in light of recent work in linguistics, including a defense of the family tree model, a response to recent claims on lexical diffusion/frequency, and a section on why languages diversify and spread.
