Consuelo Jimenez Underwood Laura E. Pérez
2022-07-08 Consuelo Jimenez Underwood's artwork is marked by her compassionate and urgent engagement with a range of pressing contemporary issues, from immigration and environmental precarity to the resilience of Indigenous ancestral values and the necessity of decolonial aesthetics in art making. Drawing on the fiber arts movement of the 1960s and 1970s, Chicana feminist art, and Indigenous fiber- and loom-based traditions, Jimenez Underwood's art encompasses needlework, weaving, painted and

silkscreened pieces, installations, sculptures, and performance. This volume's contributors write about her place in feminist textile art history, situate her work among that of other Indigenous-identified feminist artists, and explore her signature works, series, techniques, images, and materials. Redefining the practice of weaving, Jimenez Underwood works with repurposed barbed wire, yellow caution tape, safety pins, and plastic bags and crosses Indigenous, Chicana, European, and Euro-American art practices, pushing the arts of the Americas beyond Eurocentric aesthetics toward culturally hybrid

and Indigenous understandings of art making. Jimenez Underwood's redefinition of weaving and painting alongside the socially and environmentally engaged dimensions of her work position her as one of the most vital artists of our time. Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed

childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because

that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

Charlie Hernández & the League of Shadows Ryan

Calejo 2019-10-22 “A perfect pick for kids who love Rick Riordan.” –Booklist (starred review) “A winner for all kids, but it will be especially loved by Latinx and Hispanic families.” –Kirkus Reviews (starred review) The Lightning Thief meets the Story Thieves series in this middle grade fantasy inspired by Hispanic folklore, legends, and myths from the Iberian Peninsula and Central and South America. Charlie Hernández has always been proud of his Latin American heritage. He loves the culture, the art, and especially the myths. Thanks to his abuela’s stories, Charlie possesses an almost

encyclopedic knowledge of the monsters and ghouls who have spent the last five hundred years haunting the imaginations of children all across the Iberian Peninsula, as well as Central and South America. And even though his grandmother sometimes hinted that the tales might be more than mere myth, Charlie’s always been a pragmatist. Even barely out of diapers, he knew the stories were just make-believe—nothing more than intricately woven fables meant to keep little kids from misbehaving. But when Charlie begins to experience freaky bodily manifestations—ones all too similar to those

described by his grandma in his favorite legend—he is suddenly swept up in a world where the mythical beings he’s spent his entire life hearing about seem to be walking straight out of the pages of Hispanic folklore and into his life. And even stranger, they seem to know more about him than he knows about himself. Soon, Charlie finds himself in the middle of an ancient battle between La Liga, a secret society of legendary mythological beings sworn to protect the Land of the Living, and La Mano Peluda (a.k.a. the Hairy Hand), a cabal of evil spirits determined to rule mankind. With only the help of

his lifelong crush, Violet Rey, and his grandmother’s stories to guide him, Charlie must navigate a world where monsters and brujas rule and things he couldn’t possibly imagine go bump in the night. That is, if he has any hope of discovering what’s happening to him and saving his missing parents (oh, and maybe even the world). No pressure, muchacho.

State of Crisis Zygmunt Bauman 2014-07-17

Today we hear much talk of crisis and comparisons are often made with the Great Depression of the 1930s, but there is a crucial difference that sets our current malaise apart from

the 1930s: today we no longer trust in the capacity of the state to resolve the crisis and to chart a new way forward. In our increasingly globalized world, states have been stripped of much of their power to shape the course of events. Many of our problems are globally produced but the volume of power at the disposal of individual nation-states is simply not sufficient to cope with the problems they face. This divorce between power and politics produces a new kind of paralysis. It undermines the political agency that is needed to tackle the crisis and it saps citizens' belief that governments can deliver on

their promises. The impotence of governments goes hand in hand with the growing cynicism and distrust of citizens. Hence the current crisis is at once a crisis of agency, a crisis of representative democracy and a crisis of the sovereignty of the state. In this book the world-renowned sociologist Zygmunt Bauman and fellow traveller Carlo Bordoni explore the social and political dimensions of the current crisis. While this crisis has been greatly exacerbated by the turmoil following the financial crisis of 2007-8, Bauman and Bordoni argue that the crisis facing Western societies is rooted in a much more profound

series of transformations that stretch back further in time and are producing long-lasting effects.

This highly original analysis of our current predicament by two of the world's leading social thinkers will be of interest to a wide readership.

El desafío de la consolidación democrática en México Luis Enrique Concepción Montiel 2007

Revista de economía 1949

Refundar la Iglesia disidencia y liderazgo Gerald A. Arbuckle 1998 La tarea de poner el Evangelio en interacción dinámica con los problemas contemporáneos y los riesgos que ello conlleva son tan enormes que la expresión "renovación de

la Iglesia" ya no resulta adecuada para transmitir la inmensidad del desafío que tenemos ante nosotros. De ahí lo de refundar la Iglesia, es decir, encontrar e implementar nuevas formas de llevar al mundo la Buena Nueva de la fe/justicia. No obstante, quienes empujan intransigentemente a la Iglesia a retroceder de los valores del Vaticano II hacia "la privacidad de los templos y, por tanto, a incumplir su misión", temen el desorden o el malestar del caos, porque no saben hacer frente a la impredecibilidad y la confusión que acompañan inevitablemente a los nuevos y valientes impulsos pastorales que tanta

ansiedad suscitan. Una reflexión exhaustiva sobre la vida religiosa proporcionará a los dirigentes eclesiales y a los evangelizadores una comprensión más matizada de los problemas a los que se enfrentan. Las congregaciones religiosas evolucionaron históricamente como movimientos disidentes que desafiaban a la sociedad y a la Iglesia a estar a la altura de los valores evangélicos. Se requieren, pues, religiosos/as disidentes o testigos proféticos de los valores evangélicos que con su estilo de vida y sus audaces iniciativas apostólicas, disientan de la cultura restauracionista que se está

desarrollando en la Iglesia. Lo cual conllevará inevitables tensiones con las estructuras jerárquicas eclesiales, fundamentalmente preocupadas por el orden y la unidad. De hecho, como muestra la historia de la vida religiosa, cuanto más correctamente estén haciendo su trabajo los religiosos/as, tanto mayores serán las tensiones y los conflictos con la Iglesia jerárquica. Pero el miedo al sufrimiento no debe disuadirles de su tarea fundamental de ser "mártires de la profecía" en la sociedad y en la Iglesia. GERALD A. ARBUCKLE, SM, ampliamente conocido por su manera de aplicar los métodos y criterios de

la antropología cultural a la Iglesia, a la vida religiosa y a la evangelización, es autor de *Out of Chaos: the Refounding of Religious Congregations* (1988); *Earthing the Gospel: An Inculturation Handbook for Pastoral Workers* (1990); *Grievings for Change: A Spirituality for Refounding Gospel Communities* (1991).

Atrapados por el futuro Julián Gutiérrez Conde
2018-01-25 Esta es una obra de pensamiento

libre en la que el autor se ha aventurado a explorar las tendencias de un nuevo mundo. Es un libro de aventura y exploración. Lo único que, probablemente, tenía claro el autor al comenzar a escribir este libro era la siguiente pregunta: ¿qué orientaciones y consejos me permitiría dar a mis hijos que les resultaran útiles para viajar por el nuevo mundo que les espera? Y con solo ese bagaje y muchas buenas intenciones, se va, poco a poco, adentrando en tratar de interpretar las sintomatologías que se perciben para proyectarlas en un posible dibujo del futuro. ¿Por qué el título de Atrapados por el futuro? Porque

el lector podrá ir comprendiendo las ideas que trata de exponer el autor que entiende que el porvenir empieza a emitir una sintomatología mucho antes de que las personas llegemos a tomar conciencia y seamos capaces de racionalizar lo que está sucediendo. Por eso el futuro tiene vida antes de que seamos conscientes de su llegada. Sin pretender tener certeza sobre lo que va a suceder, el autor trata de prever acontecimientos. El futuro no es más que el entorno en el que necesariamente vamos a tener que vivir y es lógico preguntarse cuál es el equipamiento más conveniente que

deberíamos llevar para navegar por él del mejor modo posible. Sin duda, pensar sobre las orientaciones del futuro no es una acción baldía, más bien parece una reflexión conveniente cuyo objetivo no es tanto acertar, sino tomar conciencia de que la vida va a cambiar drásticamente y preparar la mente para ello. Y eso es justo lo que pretende el autor, crear debate en cada lector consigo mismo o con otras personas para tomar conciencia de qué y cómo debemos reajustar nuestros comportamientos sociales y personales.

Rita Hayworth and Shawshank Redemption

Stephen King 2020-09-29 #1 New York Times

bestselling author Stephen King's beloved

novella, Rita Hayworth and Shawshank

Redemption—the basis for the Best Picture

Academy Award—nominee The Shawshank

Redemption—about an unjustly imprisoned convict

who seeks a strangely satisfying revenge, is now

available for the first time as a standalone book.

A mesmerizing tale of unjust imprisonment and

offbeat escape, Rita Hayworth and Shawshank

Redemption is one of Stephen King's most

beloved and iconic stories, and it helped make

Castle Rock a place readers would return to over

and over again. Suspenseful, mysterious, and heart-wrenching, this iconic King novella, populated by a cast of unforgettable characters, is about a fiercely compelling convict named Andy Dufresne who is seeking his ultimate revenge. Originally published in 1982 in the collection *Different Seasons* (alongside “The Body,” “Art Pupil,” and “The Breathing Method”), it was made into the film *The Shawshank Redemption* in 1994. Starring Morgan Freeman and Tim Robbins, this modern classic was nominated for seven Academy Awards, including Best Picture, and is among the most beloved films of all time.

Liberalismo social y reforma del Estado René Villarreal 1993 El presente texto explora y reconstruye la ruta de los liberalismos en la crisis actual, que aparece parcialmente como producto de los excesos y fallas del Estado intervencionista, pero también como producto del nuevo capitalismo que ha derribado los supuestos básicos de este paradigma. Frente a este nuevo capitalismo, el neoliberalismo -o el retorno al liberalismo de *laissez-faire* y el Estado mínimo- ha evidenciado que no es la puerta de salida a la crisis.

Telling Tales Anne L. Walsh 2015-04-01 This
volume delves deeply into the role played by
stories and storytelling in shaping, controlling and
mapping present-day Spain, and examines fiction
in various manifestations and genres, especially
written and filmic. It contrasts such stories and
their context with the past, investigating the
differences and similarities between spatially and

geographically varying narrations in order to tease out the link between the time of telling and the act of living. Throughout the book, scholars look separately at this phenomenon, and their findings reveal a close bond between events occurring in the real world and the relating of fictional stories. Particularly in Spain, the geographic space of interest here, storytelling is used both as catharsis and didactically. Authors and filmmakers find inspiration in everyday occurrences, and, while there is nothing unusual in that, the interest here lies in the consequent transformation of these occurrences into fascinating stories that

attempt to make sense of chaotic events, connect those events temporally, and explore the meaning of the consequent coherence. Stories are at the very essence of humanity, be they fictional or based on everyday reality. This collection focuses specifically on Spain where easily identifiable features of history (such as the Spanish Civil War, the Franco Dictatorship, transition, democracy, and the global economic crisis) have had a major impact on everyday life. The narratives emerging show clear evidence of that impact, with an emphasis on such themes as the significance of memory, the impossibility and

instability of such memory, the chaotic nature of life, and the place of the nation/state in the psyche of the individual, with emerging themes investigating the role of solidarity and empathy in the empowerment of the individual. This volume is informed by the shift that occurred in the twentieth century towards a world of unstable parameters, whereby whatever knowledge that is received must be questioned as to the extent of its authenticity since that knowledge is always affected by memory, experience, and time, all subjective phenomena in themselves.

[The Tonadilla in Performance](#) Elisabeth Le Guin
2013-11-16 The tonadilla, a type of satiric musical skit popular on the public stages of Madrid during the late Enlightenment, has played a significant role in the history of music in Spain. This book, the first major study of the tonadilla in English, examines the musical, theatrical, and social worlds that the tonadilla brought together and traces the lasting influence this genre has had on the historiography of Spanish music. The

tonadillas' careful constructions of musical populism provide a window onto the tensions among Enlightenment modernity, folkloric nationalism, and the politics of representation; their diverse, engaging, and cosmopolitan music is an invitation to reexamine tired old ideas of musical "Spanishness." Perhaps most radically of all, their satirical stance urges us to embrace the labile, paratextual nature of comic performance as central to the construction of history.

La mano invisible (Serie Great Ideas 15) Adam Smith 2012-10-10 Ideas que han cambiado el mundo A lo largo de la historia, algunos libros

han cambiado el mundo. Han transformado la manera en que nos vemos a nosotros mismos y a los demás. Han inspirado el debate, la discordia, la guerra y la revolución. Han iluminado, indignado, provocado y consolado. Han enriquecido vidas, y también las han destruido. Taurus publica las obras de los grandes pensadores, pioneros, radicales y visionarios cuyas ideas sacudieron la civilización y nos impulsaron a ser quienes somos. El decisivo tratado de Adam Smith sobre el mercado libre allanó el camino al capitalismo moderno argumentando que la competencia es el motor de

una sociedad productiva y que el interés propio en última instancia logrará enriquecer a toda la comunidad, como si de una «mano invisible» se tratara. Comentarios sobre la colección Great Ideas: «De veras que la edición es primorosa y pocas veces contenido y continente pueden encontrarse mejor ensamblados y unidos. ¡Qué portadas! Para enmarcar. [...] Ante las "Great Ideas", solo cabe quitarse el sombrero. ¡Chapeau!» ABC «Taurus propone un doble envite con este lanzamiento. Por un lado aumenta su compromiso con el ensayo; por otro, recupera el gusto por la estética. A los

volúmenes se les ha proporcionado una portada delicada y cuidada (copian el original británico) que invita a la lectura.» La Razón «Un fenómeno editorial.» The Guardian «Aparte de los contenidos, en general muy bien elegidos, son tan bonitos que si los ven seguro que cae alguno.» El País «Ideas revolucionarias, crónicas de exploraciones, pensamientos radicales... vuelven a la vida en estas cuidadísimas ediciones, muy atractivas para nuevos lectores.» Mujer Hoy «Grandes ideas bien envueltas. De Cicerón a Darwin, esta colección entra por los ojos.» Rolling Stone «Original y bella iniciativa la

emprendida por Taurus con su colección Great Ideas.» Cambio 16 «Hay libros inmortales, libros únicos que contienen pensamientos y reflexiones capaces de cambiar el mundo, tesoros en miniatura reagrupados en la colección Great ideas.» Diario de León

Borges's Poe Emron Esplin 2016 Esplin argues that Borges, through a sustained and complex literary relationship with Poe's works, served as the primary catalyst that changed Poe's image throughout Spanish America from a poet-prophet to a timeless fiction writer.
