Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, the Miracle At Philadelphia The Story Of The Constitutional Convention May To September 1787 is universally compatible with any devices to read

Small Miracle by David Austin

Small Miracle David Austin 2020-05 Charles Middleberg and his family are Polish Jews, living in France during World War II. After the German invasion in May 1940, Charles's father is taken away. Soon after, his mother is taken as well, and for the next five years, Charles and his brother will have their lives saved - again and again - by a series of small miracles.

Miracle in the Making Scott Brown 2001-09-01 Adam Taliaferro had it all: smarts, an easy-going personality, and incomparable athletic ability. None of that seemed to matter, however, on that fateful September day when his father was given startling news: Do not expect your son to walk. Ever. Since that numbing day, Taliaferro, the Penn State freshman cornerback who was paralyzed after he tackled an Ohio State running back, has defied the odds. Before he had spinal-fusion surgery, he made a vow to his mother: "Mom, I'm not going out like this." Three months later, he walked out of a Philadelphia hospital on crutches, determined to complete his amazing recovery, making the name "Adam Taliaferro" synonymous with courage and perseverance.

The Most Dangerous Man in America: Scenes from the Life of Benjamin Franklin Catherine Drinker Bowen 1974-01-01 Franklin's character, genius, and interests are highlighted in a study of his myriad activities and pursuits

Miracle at Philadelphia. The Story of the Constitutional Convention, May to September 1787. Illustrated Catherine Drinker Bowen 1967
A Book of Miracles Dr. Bernie S. Siegel 2014-10-15 Heartwarming and Heart-Opening Stories Gathered from Decades of Medical Practice Bernie Siegel first wrote about miracles when he was a practicing surgeon and founded Exceptional Cancer Patients, a groundbreaking synthesis of group, individual, dream, and art therapy that provided patients with a “carefrontation.” Compiled during his more than thirty years of practice, speaking, and teaching, the stories in these pages are riveting, warm, and belief expanding. Their subjects include a girl whose baby brother helped her overcome anorexia, a woman whose cancer helped her heal by teaching her to stand up for herself, and a family that was saved from a burning house by bats. Without diminishing the reality of pain and hardship, the stories show real people turning crisis into blessing by responding to adversity in ways that empower and heal. They demonstrate what we are capable of and show us that we can achieve miracles as we confront life’s difficulties.

Founding Brothers Joseph J. Ellis 2002 The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's Founding Brothers: The Revolutionary Generation . We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic--John Adams, Aaron Burr, Benjamin Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

Miracle at Philadelphia Catherine Drinker Bowen 1966 This book is a history of the Federal Convention in Philadelphia that resulted in the Constitution of the United States. A review of the events and personalities surrounding the Constitutional Convention of 1787 concluding with the debate and the final product.

Walking Miracle Ryan Shazier 2021-11-30 Nearly four years after an errant tackle left him paralyzed below the waist, the inspiring comeback story of how former Pittsburgh Steeler Ryan Shazier recovered to walk again. As an All-American at Ohio State and All-Pro linebacker for the Pittsburgh Steelers, Ryan Shazier was living his best life while excelling at the game he loves, a game that has given him so much. But then Ryan was forced to redefine success. Suddenly, it was no longer measured by tackles or sacks, but by purpose and faith. WALKING MIRACLE is the story of this new definition of success, following the arc from December 4, 2017, when Shazier was injured playing the Cincinnati Bengals, to his retirement. For three years, Shazier doggedly pursued a return to professional football. He took small wins as “first downs” on the drive to return to the field: moving his toes, walking, dancing at his wedding, and ultimately running and returning to the team. What Shazier didn’t realize is that along the way, he was preparing himself for another purpose—that of father and husband, philanthropist, and football analyst. The journey was preparing him not for a renewed life as a middle linebacker, but a renewed life after the game. Here we see Shazier overcome childhood alopecia, which caused a great deal of emotional pain, and scoliosis, which nearly robbed him of his dreams of playing college and professional football. We gain insights into legendary coaches Urban Meyer and Mike Tomlin. And we see him star on the field. Shazier was one of the best defensive players in Steeler history—a history full of great defensive stars. WALKING MIRACLE—the message on a bracelet given to him by his godmother—is the story of Ryan’s comeback, but it’s also a book of life’s lessons, challenges, and a love letter to the power of positive thinking.

The Butterfly Miracle Michelle Destiny Halliwell 2020-01-12 Michelle is a senior in high school, dealing with normal problems, until she is attacked. As she faces an existential crisis, she discovers that the darkest night is the birthplace of miracles.

Monuments, Marvels, and Miracles Marion Amberg 2021-03-02 America’s got faith! You’ll find it in every state — in grand cathedrals and tiny chapels, in miracle shrines and underwater statues, and even in blessed dirt. Finding these sacred places hasn’t been easy, until now! Monuments, Marvels, and Miracles: A Traveler’s Guide to Catholic America takes you to more than 500 of the country’s most intriguing holy sites, each with a riveting story to tell. Stories about: architecture (the interior of Guardian Angels Cathedral in Las Vegas resembles angel wings) religious history (at Maryland’s Old Bohemia, Jesuit priests lived and worked incognito during anti-Catholic persecution) artifacts (the Miraculous Medal Shrine in Philadelphia holds an original cast by Saint Catherine Labouré) answered prayer (from the Grasshopper Chapel in Minnesota to the Coral Miracle Church in Hawaii) healing places, beautiful places, hidden places, places where saints walked, and much more. Organized by state and region, Monuments, Marvels, and Miracles can help you easily plan your vacation or pilgrimage, and find sites close to you that you’ve never heard of. Chapters also include Catholic trivia and color photos. Websites, phone numbers, addresses, and other pertinent information are included. ABOUT THE AUTHOR Marion Amberg is an award-winning book author and freelance journalist. Her articles — mainly religion travel pieces and human-interest features — have appeared in more than 100 markets. She is known for her “nose for the unique and unusual” and for her engaging writing style.

The Philadelphia Chromosome Jessica Wapner 2014-04-29 Philadelphia, 1959: A scientist scrutinizing a single human cell under a microscope detects a missing piece of DNA. That scientist, David Hungerford, had no way of knowing that he had stumbled upon the starting point of modern cancer research—the Philadelphia chromosome. It would take doctors and researchers around the world more than three decades to unravel the implications of this landmark discovery. In 1990, the Philadelphia chromosome was recognized as the sole cause of a deadly blood cancer, chronic myeloid leukemia, or CML. Cancer research would never be the same. Science journalist Jessica Wapner reconstructs more than forty years of crucial breakthroughs, clearly explains the science behind them, and pays tribute—with extensive original reporting, including more than thirty-five interviews—to the dozens of researchers, doctors, and patients with a direct role in this inspirational story. Their curiosity and determination would ultimately lead to a lifesaving treatment unlike anything before it. The Philadelphia Chromosome chronicles the remarkable change of fortune for the more than 70,000 people worldwide who are diagnosed with CML each year. It is a celebration of a rare triumph in the battle against cancer and a blueprint for future research, as doctors and scientists race to uncover and treat the genetic roots of a wide range of cancers.

The Great Philly Cheesesteak Book Carolyn Wyman 2009-06-01 A colorful look at the history of the cheesesteak—from the city that started it all!

Miracle at Philadelphia Catherine Drinker Bowen 1966

A review of the events and personalities surrounding the Constitutional Convention of 1787 concluding with the debate and the final product.

Miracle of Philadelphia : the story of the constitutional convention May Catherine Drinker Bowen 1967

The Summer of 1787 David O. Stewart 2008-05-20 Traces the events of the Constitutional Convention of 1787 in a historical account that covers such topics as the fierce conflicts that influenced the writing of the Constitution, the issues that divided the states, and the contributions of key players.

Miracle at Merion David Barrett 2010-10-08 Chronicles the events surrounding Ben Hogan's surprising win at the 1950 US Open at Merion Golf Club, describing the near-fatal automobile accident that almost claimed Hogan's life in 1949, his rehabilitation, return to golf, and how he managed to claim a victory after an eighteen-hole playoff.

Miracle On Chestnut Street Milton J. Nieuwsma 2021-12-15 Milton Nieuwsma explains why he wrote Miracle on Chestnut Street and reflects on Thomas Jefferson, the man and his legacy: So why did you write this book? "For a couple of reasons. One was to tell the story of the Declaration of Independence from Jefferson's point of view and in real time. The other reason was to restore his rightful place in history." Why do you say that? "Well, he's had a pretty rough go of it the past few decades, first because of DNA and then because of the 1619 Project." What do you think is Jefferson's biggest legacy? "More than anyone, he defined the idea of America, the idea that individual freedom is basic to our way of life. He was our country's first human rights champion. Even with all of our problems today, our country is still a beacon of hope and freedom to people around the world. We owe that mainly to Jefferson." Tom Jefferson, a young plantation owner from Virginia, was the least likely member of the Second Continental Congress to make a name for himself. When he arrived in Philadelphia in 1775 it was by defau Yet we associate Jefferson's name more than any other with what happened on the most important day in American history: July 4, 1776. Notwithstanding many other defining moments in our nation's past-Appomattox, Pearl Harbor, the Apollo moon landing, 9/11 to name a few-the Declaration of Independence that Jefferson wrote and the Continental Congress adopted on that date symbolizes more than any other event what America stands for as a nation. Now, for the first time, the story of that historic event is told from Jefferson's point-of-view. Drawing from his letters, journals, diaries and other sources, as well as from on-site research at Monticello (Jefferson's home in Virginia), Colonial Williamsburg and Independence National Historical Park in Philadelphia, two-time Emmy-winning writer Milton Nieuwsma recreates the sixteen most important months in Jefferson's life, from his election to the Continental Congress to the Declaration of Independence. Miracle on Chestnut Street is not only an inside account of how a piece of paper came to define the American republic; it's the story of how a young man entered the world stage through the back door-and how the ideas he expressed in that document still resonate in the 21st century.

Miracle at Midlife Roni Beth Tower 2016-10-25 2017 Gold Medal IPPY Award in Autobiography/Memoir They first meet in Paris in the spring of 1996. David is a divorced American attorney living on a converted barge moored on the banks of the Seine; Roni Beth is an empty-nested clinical and research psychologist working from her home in Connecticut. Now in their fifties, both have signed off on loving again—until they meet each other. Miracle at Midlife tells the inspiring story of Roni Beth and David’s intense and transformative transatlantic courtship. Along the way, David the loner, living amid the beauty, freedom, and pleasures of Paris, brings Roni Beth, a responsible and overextended professional haunted by earlier loss and trauma, back to her core as a woman, while she helps him reclaim connections that tie him to a larger world. They wrestle internal demons (mostly hers) and external threats (friends, family and different perspectives) as they share adventures in their respective worlds. Throughout their journey, stories of courage, joy and integrity bring hope and delight to those who wonder how romantic love appears and evolves; inspiration to people in mid-life who, knowingly or unknowingly, have completed a chapter in their lives and are ready to move on; and comfort to anyone who longs to wrestle and conquer the demons of fear, born of history or of the unknown, and win. Testimony that love is real.

City of Miracles Robert Jackson Bennett 2017-05-02 Revenge. It’s something Sigurd je Harkvaldsson is very, very good at. Maybe the only thing. So when he learns that his oldest friend and ally, former Prime Minister Shara Komayd, has been assassinated, he knows exactly what to do—and that no mortal force can stop him from meting out the suffering Shara’s killers deserve. Yet as Sigurd pursues his quarry with his customary terrifying efficiency, he begins to fear that this battle is an unwinnable one. Because discovering the truth behind Shara’s death will require him to take up arms in a secret, decades-long war, face down an angry young god, and unravel the last mysteries of Bulikov, the city of miracles itself. And—perhaps most daunting of all—finally face the truth about his own cursed existence.

Miracle at Philadelphia Catherine Drinker Bowen 1966

The American Miracle Michael Medved 2017-09 Bestseller author and radio host Michael Medved recounts some of the most significant events in America's rise to prosperity and power, from the writing of the Constitution to the Civil War. He reveals a record of improbabilities and amazements that demonstrate what the Founders always believed: that events unfolded according to a master plan, with destiny playing an unmistakable role in lifting the nation to greatness. Among the stirring, illogical episodes described here: - A band of desperate religious refugees find themselves blown hopelessly off course, only to be deposited at the one spot on a wild continent best suited for their survival - George Washington's beaten army, surrounded by a ruthless foe and on the verge of annihilation, manages an impossible escape due to a freakish change in the weather - A famous conqueror known for seizing territory, frustrated by a slave rebellion and a frozen harbor, impulsively hands Thomas Jefferson a tract of land that doubles the size of the United States - A weary soldier picks up three cigars left behind in an open field and notices the stogies have been wrapped in a handwritten description of the enemy's

secret battle plans--a revelation that gives Lincoln the supernatural sign he's awaited in order to free the slaves When millions worry over the nation losing its way, Medved's sweeping narrative, bursting with dramatic events and lively portraits of unforgettable, occasionally little-known characters, affirms America as "fortune's favorite," shaped by a distinctive destiny from our beginnings to the present day. *Birds of Pray* Rob Maaddi 2018-08-21 High Stakes, Deep Faith, and Unbreakable Brotherhood They were the first No. 1 seed in NFL history to enter the playoffs as an underdog. Their star quarterback was out with a season-ending knee injury. Five-time Super Bowl champions the New England Patriots towered over them. But public opinion didn't matter to the Philadelphia Eagles. They believed in each other. The band of Christian brothers on the team believed in the God of the impossible, and they played for an audience of One. The most extensive book to explore the Christian faith shared by many of the team's players, *Birds of Pray* details the incredible inside story behind the Eagles' capture of the biggest prize in professional sports: the Vince Lombardi Trophy. Through exclusive interviews with the players, never-before-seen photos, and insider accounts of the miracle season's most memorable moments, Philly native and Associated Press sportswriter Rob Maaddi reveals a side of the team the world has yet to fully witness. From an impromptu baptism in the team's cold tub to weekly Bible studies and pre-game prayers, to the unique friendship between star quarterback Carson Wentz and back-up-then-MVP Nick Foles - the Eagles excel in the unexpected. *Birds of Pray* follows the deep faith shared among players, the high stakes they faced together, and their relentless reliance on Christ who gives all strength in moments of crisis and celebration alike. The result is a boldly inspiring, entertaining read that will challenge readers to go deeper in their faith, dream bigger, and live with renewed courage for whatever odds life stacks against them.

Miracle at Philadelphia Catherine Drinker Bowen 1967

Miracle Cure Harlan Coben 2013-06-04 "Previously published in SPI Books and Signet editions."--Title page verso.

Decision in Philadelphia Christopher Collier 2012-05-01 Fifty-five men met in Philadelphia in 1787 to write a document that would create a country and change a world: the Constitution. Here is a remarkable rendering of that fateful time, told with humanity and humor. Decision in Philadelphia is the best popular history of the Constitutional Convention; in it, the life and times of eighteenth century America not only come alive, but the very human qualities of the men who framed the document are brought provocatively into focus--casting many of the Founding Fathers in a new light. A celebration of how and why our Constitution came into being, Decision in Philadelphia is also a testament of the American spirit at its finest.

Plain, Honest Men Richard Beeman 2009-03-17 In May 1787, in an atmosphere of crisis, delegates met in Philadelphia to design a radically new form of government. Distinguished historian Richard Beeman captures as never before the dynamic of the debate and the characters of the men who labored that historic summer. Virtually all of the issues in dispute—the extent of presidential power, the nature of federalism, and, most explosive of all, the role of slavery—have continued to provoke conflict throughout our nation’s history. This unprecedented book takes readers behind the scenes to show how the world’s most enduring constitution was forged through conflict, compromise, and fragile consensus. As Gouverneur Morris, delegate of Pennsylvania, noted: "While some have boasted it as a work from Heaven, others have given it a less righteous origin. I have many reasons to believe that it is the work of plain, honest men."

Our Lost Constitution Mike Lee 2016-06-28 The still-unfolding story of America's Constitution is a history of heroes and villains—the flawed visionaries who inspired and crafted liberty’s safeguards, and the shortsighted opportunists who defied them. Those stories are known by few today. In Our Lost Constitution, Senator Mike Lee tells the dramatic, little-known stories behind six of the Constitution’s most indispensible provisions. He shows their rise. He shows their fall. And he makes vividly clear how nearly every abuse of federal power today is rooted in neglect of this Lost Constitution. For example:
• The Origination Clause says that all bills to raise taxes must originate in the House of Representatives, but contempt for the clause ensured the passage of Obamacare.
• The Fourth Amendment protects us against unreasonable searches and seizures, but the NSA now collects our private data without a warrant.
• The Legislative Powers Clause means that only Congress can pass laws, but unelected agencies now produce ninety-nine out of every one hundred pages of legal rules imposed on the American people. Lee’s cast of characters includes a former Ku Klux Klsman, who hijacked the Establishment Clause to strangle Catholic schools; the Chief Justice of the Supreme Court, who called the Second Amendment a fraud; and the revered president who began his first of four terms by threatening to shatter the balance of power between Congress and the president, and who began his second term by vowing to do the same to the Supreme Court. Fortunately, the Constitution has always had its defenders. Senator Lee tells the story of how Andrew Jackson, noted for his courage in duels and politics, stood firm against the unconstitutional expansion of federal powers. He brings to life Ben Franklin’s genius for compromise at a deeply divided constitutional convention. And he tells how in 2008, a couple of unlikely challengers persuaded the Supreme Court to rediscover the Second Amendment’s right to keep and bear arms. Sections of the Constitution may have been forgotten, but it’s not too late to bring them back—if only we remember why we once demanded them and how we later lost them. Drawing on his experience working in all three branches of government, Senator Lee makes a bold case for resurrecting the Lost Constitution to restore and defend our fundamental liberties.

Gloria's Miracle Jerry Brewer 2009-09-01

Philadelphia - A History of the City and its People Ellis Paxson Oberholtzer 2017-12-07 Dr. Oberholtzer was engaged upon this book for many months. He has aimed to present the people of Philadelphia, as well as the details of their government, and he has opened new sources of information and presents new aspects in the life of the city. His detailed and thoroughly investigated narrative covers a time of 225 years and gives in-depth insights on the foundation of the town, the Civil War years, the Declaration of Independence and many events more.

The Constitution of the United States of America 2010 Presents the text of the Constitution of the United States of America, highlighted by full-color illustrations.

The Nurses Alexandra Robbins 2015-04-14 A New York Times bestseller. “A funny, intimate, and often jaw-dropping account of life behind the scenes.”—People Nurses is the compelling story of the year in the life of four nurses, and the drama, unsung heroism, and unique sisterhood of nursing—one of the world’s most important professions (nurses save lives every day), and one of the world’s most dangerous, filled with violence, trauma, and PTSD. In following four nurses, Alexandra Robbins creates sympathetic characters while diving deep into their world of controlled chaos. It’s a world of hazing—“nurses eat their young.” Sex—not exactly like on TV, but surprising just the same. Drug abuse—disproportionately a problem among the best and the brightest, and a constant temptation. And bullying—by peers, by patients, by hospital bureaucrats, and especially by doctors, an epidemic described as lurking in the “shadowy, dark corners of our profession.” The result is a page-turning, shocking look at our health-care system.

1787 Clinton Rossiter 1987

The Color of Water James McBride 2006-02-07 From the bestselling author of Deacon King Kong and the National Book Award-winning *The Good Lord Bird*: The modern classic that spent more than two years on *The New York Times* bestseller list and that Oprah.com calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared “light-skinned” woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother’s past, as well as his own upbringing and heritage, in a poignant and powerful debut. *The Color Of Water: A Black Man's Tribute to His White Mother.* The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all- black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self- realization and professional success. *The Color of Water* touches readers of all colors as a vivid portrait of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

Miracles and the Protestant Imagination Philip M. Soergel 2012-02-03 Generations of scholars have assumed that the Reformation represented a vital step on the way to the "disenchantment of the world."

Philip Soergel's groundbreaking study on wonder books reveals that German evangelical Reformers were themselves active enchanter.

Miracle at Philadelphia : the Story of the Constitutional Convention May to September 1787/ Catherine Drinker Bowen ; with a New Introduction by Henry Steele Commager ; Illustrations for this Edition by Warren Chappell Catherine Drinker Bowen 1986

A Brilliant Solution Carol Berkin 2003 Shares the story of the Constitutional Convention in 1787 Philadelphia, detailing the human side of the considerable ideas, arguments, issues, and compromises that shaped the formation of the U.S. Constitution and government. Reprint. 20,000 first printing.

Miracle Cure William Rosen 2017-05-09 The epic history of how antibiotics were born, saving millions of lives and creating a vast new industry known as Big Pharma. As late as the 1930s, virtually no drug intended for sickness did any good; doctors could set bones, deliver babies, and offer palliative care. That all changed in less than a generation with the discovery and development of a new category of medicine known as antibiotics. By 1955, the age-old evolutionary relationship between humans and microbes had been transformed, trivializing once-deadly infections. William Rosen captures this revolution with all its false starts, lucky surprises, and eccentric characters. He explains why, given the complex nature of bacteria—and their ability to rapidly evolve into new forms—the only way to locate and test potential antibiotic strains is by large-scale, systematic, trial-and-error experimentation. Organizing that research needs large, well-funded organizations and businesses, and so our entire scientific-industrial complex, built around the pharmaceutical company, was born. Timely, engrossing, and eye-opening, *Miracle Cure* is a must-read science narrative—a drama of enormous range, combining science, technology, politics, and economics to illuminate the reasons behind one of the most dramatic changes in humanity’s relationship with nature since the invention of agriculture ten thousand years ago.

Almost A Miracle John Ferling 2007-06-04 In this gripping chronicle of America’s struggle for independence, award-winning historian John Ferling transports readers to the grim realities of that war, capturing an eight-year conflict filled with heroism, suffering, cowardice, betrayal, and fierce dedication. As Ferling demonstrates, it was a war that America came much closer to losing than is now usually remembered. General George Washington put it best when he said that the American victory was “little short of a standing miracle." Almost a Miracle offers an illuminating portrait of America's triumph, offering vivid descriptions of all the major engagements, from the first shots fired on Lexington Green to the surrender of General Cornwallis at Yorktown, revealing how these battles often hinged on intangibles such as leadership under fire, heroism, good fortune, blunders, tenacity, and surprise. Ferling paints sharp-eyed portraits of the key figures in the war, including General Washington and other American officers and civilian leaders. Some do not always measure up to their iconic reputations, including Washington himself. The book also examines the many faceless men who soldiered, often for years on end, braving untold dangers and enduring abounding miseries. The author explains why they served and sacrificed, and sees them as the forgotten heroes who won American independence. *Miracle At Philadelphia* Catherine Drinker Bowen 1986-09-30 A classic history of the Federal Convention at Philadelphia in 1787, the stormy, dramatic session that produced the most enduring of political documents: the Constitution of the United States. From Catherine Drinker Bowen, noted American biographer and National Book Award winner, comes the canonical account of the Constitutional Convention recommended as "required reading for every American." Looked at straight from the records, the Federal Convention is startlingly fresh and new, and Mrs. Bowen evokes it as if the reader were actually there, mingling with the delegates, hearing their arguments, witnessing a dramatic moment in history. Here is the fascinating record of the hot, sultry summer months of debate and decision when ideas clashed and tempers flared. Here is the country as it was then, described by contemporaries, by Berkshire farmers in Massachusetts, by Patrick Henry's Kentucky allies, by French and English travelers. Here, too, are the offstage voices--Thomas Jefferson and Tom Paine and John Adams from Europe. In all, fifty-five men attended; and in spite of the heat, in spite of clashing interests--the big states against the little, the slave states against the anti-slave states--in tension and anxiety that mounted week after week, they wrote out a working plan of government and put their signatures to it.
