The Marine Corps Martial Arts Program United States Marine Corps 2013-06 Marine Corps Reference Publication (MCRP) 3-02B. Marine Corps Martial Arts Program (MCMAP), is designed for Marines to review and study techniques after receiving initial naming from a certified Marine Corps martial arts instructor or martial arts instructor trainer. It is not designed as a self-study or independent course. The true value of Marine Corps Martial Arts Program is

enhancement to unit training. A frilly implemented program can help instill unit esprit de corps and help foster the mental, character, and physical development of the individual Marine in the unit. This publication guides individual Marines, unit leaders, and martial arts instructors/instructor trainers in the proper tactics, techniques, and procedures for martial arts training. MCRP 3-02B is not intended to replace supervision by appropriate unit leaders and martial arts instruction by qualified instructors. Its role is to ensure standardized execution of tactics, techniques, and procedures throughout the Marine Corps. Although not directive, this publication is intended for use as a reference by all Marines in developing individual and unit martial arts programs. For policy on conducting martial arts training, refer to Marine Corps Order 1500.59, Marine Corps Martial Arts Program (MCMAP). WARNING Techniques described in this manual can cause serious injury or death. Practical application in the training of these techniques will be conducted in strict adherence with training procedures outlined in this manual as well as by conducting a thorough operational risk assessment for all training.

U.S. Marine Combat Conditioning United States Marine Corps. 2011-02-23 The classic physical training and combat course from the United States Marine Corps.

The Enemy Within Robert Fredericks 2014-02-18 Set against the historical background of the Iraqi

war and the rise of Jihadist terror, the President of the United States is caught in a mysterious web of intrigue and conspiracy that clouds his judgment as to who is friend or foe. The war on terror becomes personal for the President as the leader of the Mashallah network strikes in the homeland.

Infantry 1995

The Counter Terrorist Manual Leroy Thompson
2009-10-19 In the past thirty-five years, counter-terrorist units have been deployed to deal with airplane, ship, train, and bus hijackings. They have rescued hostages in various types of buildings and have dealt with barricaded bank robbers, prison rioters, and assorted dangerous criminals. Thousands have been rescued and millions have been safer because terrorists were aware that elite antiterrorist units were poised to

take action should they take hostages. Following the September 11th attack on the World Trade Centre, the mission of many anti-terrorist units has expanded. Some units now track terrorists to their lairs in other countries and strike them there. Despite the significant and growing role of these units, little is known about the way they operate. The selection, training, structure and principles of maintaining such units, together with basic theories of asymmetric warfare are the subject of Thompson's latest work. In a practical, step-by-step guide he analyses the necessary organization of such elite teams, the arming and equipping of units, and methods for a variety of missions from hostage rescue and high-level dignitary protection to securing foreign embassies and counter-WMD strikes. Open the pages of this book and enter the world of the counter-terrorist operator.
