## **Race Tech's Motorcycle Suspension Bible**

Paul Thede 2010-06-19

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even

explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

*From the Pit of Hell* Steve Amos 2002-01 Here is a powerful testimony of God's ability to turn around even the most desperate of lives. Going from violent drug addict, prisoner and a thief to a bike-riding, God-filled evangelist, Steve Amos was miraculously taken from the pit of hell. Only a near-death experience convinced him that God was real. 'From the Pit of Hell' tells the true story of a man addicted to drugs, of a God who saved and transformed this life, and continues to change and transform lives today. This book is for teenagers, youth leaders and those who have lost their way. It is also a very

helpful resource for those working with youth offenders, with a tremendous impact in prisons and drug rehabilitation centres.
