Max is handsome and built like a lumberjack; he has floppy blond hair and a stable job. But more surprising than anything else, Nina and Max have chemistry. Their conversations are witty and ironic, they both hate sports, they dance together like fools, they happily dig deep into the nuances of crappy music, and they create an entire universe of private jokes and chemical bliss. But when Max ghosts her, Nina is forced to deal with everything she's been trying so hard to ignore: her father's dementia is getting worse, and so is her mother's denial of it; her editor hates her new book idea; and her best friend from childhood is icing her out. Lab Notebook Spiral Bound 100 Carbonless Pages (Copy Page Perforated) 2010-01-11

Into the Wild Jon Krakauer 2009-09-22 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Priority mission top success to complete. Code name: Operation Havoc.” Thus speaks Pygmy, one of a handful of young adults from a totalitarian state sent to the United States, disguised as exchange students, to live with typical American families and blend in, all the while planning an unspecified act of massive terrorism. Palahniuk depicts Midwestern life through the eyes of this thoroughly indoctrinated little killer, who hates Americans with a passion, in this cunning double-edged satire of a xenophobia that might, in fact, be completely justified.

M Train Patti Smith 2015-10-06 From the National Book Award–winning author of *Just Kids*: a “sublime collection of true stories ... and wild imaginings that take us to the very heart of who Patti Smith is” (*Vanity Fair*), told through the cafés and haunts she has worked in around the world. Patti Smith calls this bestselling work “a roadmap to my life.” *M Train* begins in the tiny Greenwich Village café where Smith goes every morning for black coffee, ruminates on the world as it is and the world as it was, and writes in her notebook. Through prose that shifts fluidly between dreams and reality, past and present, we travel to Frida Kahlo’s Casa Azul in Mexico; to the fertile moon terrain of Iceland; to a ramshackle seaside bungalow in New York’s Far Rockaway that Smith acquires just before Hurricane Sandy hits; to the West 4th Street subway station, filled with the sounds of the Velvet Underground after the death of Lou Reed; and to the graves of Genet, Plath, Rimbaud, and Mishima. Woven throughout are reflections on the writer’s craft and on artistic creation. Here, too, are singular memories of Smith’s life in Michigan and the irremediable loss of her husband, Fred Sonic Smith. Braiding despair with hope and consolation, illustrated with her signature Polaroids, *M Train* is a meditation on travel, detective shows, literature, and coffee. It is a powerful, deeply moving book by one of the most remarkable multiplatform artists at work today. Featuring a postscript with five new photos from Patti Smith

Tracing Your Irish Ancestors Through Land Records Chris Paton 2021-11-30 The history of Ireland is one that was long dominated by the question of land ownership, with complex and often distressing tales over the centuries of dispossession and colonisation, religious tensions, absentee landlordism, subsistence farming, and considerably more to sadden the heart. Yet with the destruction of much of Ireland’s historic record during the Irish Civil War, and with the discriminatory Penal Laws in place in earlier times, it is often within land records that we can find evidence of our ancestors’ existence, in some cases the only evidence, where the relevant vital records for an area may never have been kept or may not have survived. In *Tracing Your Irish Ancestors Through Land Records*, genealogist and best-selling author Chris Paton explores how the surviving records can help with our ancestral research, but also tell the stories of the communities from within which our ancestors emerged. He explores the often controversial history of ownership of land across the island, the rights granted to those who held estates and the plights of the dispossessed, and identifies the various surviving records which can help to tease out the stories of many of Ireland’s forgotten generations. Along the way Chris Paton identifies the various ways to access the records, whether in Ireland’s many archives, local and national, and increasingly through a variety of online platforms.

Healing Earthquakes Jimmy Santiago Baca 2007-12-01 An award-winning work of brilliant passion and epic poetry that vividly captures the impossible truth of an entire romance from beginning to end. Jimmy Santiago Baca introduces us to a man and woman before they are acquainted and re-creates their first meeting, falling in love, their decision to make a family, the eventual realization of each other’s irreconcilable faults, the resulting conflicts, the breakup and hostility, and, finally, their transcendence of the bitterness and resentment. Throughout the relationship we are privy to the couple’s astonishing range of emotions: the anguish of loneliness, the heady rush of new love, the irritations and joys of raising children, the difficulties in truly knowing someone, the doldrums of breakup, and so on. It is impossible not to identify with these characters and to recognize one’s own experience in theirs. As he weaves this story, Baca explores many of his traditional themes: the beauty and cruelty of the desert lands where he has spent much of his life, the grace and wisdom of animals, the quiet dignity of life on small Chicano farms. An extraordinary work that “expresses both bliss and heartache with lyric intensity” (*Booklist*) from one of America’s finest poets. “Baca is a force in American poetry . . . His words heal, inspire, and elicit the earthly response of love.” —Garrett Hongo “[Baca] writes with unconcealed passion . . . what makes his writing so exciting to me is the way in which it manifests both an intense lyricism and that transformative vision which perceives the mythic and archetypal significance of life-events.” —Denise Levertov

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
