

Smith County Justice

When somebody should go to the ebook stores, search inauguration by shop, shelf by shelf, it is truly problematic. This is why we give the book compilations in this website. It will enormously ease you to see guide **Smith County Justice** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you seek to download and install the Smith County Justice, it is utterly easy then, previously currently we extend the member to purchase and create bargains to download and install Smith County Justice fittingly simple!

Creamy & Crunchy Jon Krampner 2013 Draws on interviews, research, and travels in the peanut-growing regions of the South to discuss the history of peanut butter, its manufacture from the 1890s to the present, and its cultural, nutritional, and molecular evolution.

Smith County Justice David Ellsworth 2009-05-11 The non-fiction book Smith County Justice was written as an exposé of governmental corruption in the East Texas town of Tyler, the county seat of Smith County. Its publication sent shock waves through the political machine of the city of Tyler which then devised a plan for damage control. Shortly after its publication great pressure was brought upon the publisher to remove the book from circulation. The guilty authorities in Smith County have never acknowledged the evil of their ways or expressed remorse for the lives they ruined. Instead, legal and public relations firms have been engaged to mount a campaign to watch the used book markets for any used copies that might appear. Whenever such copies are found they are usually bought at whatever price is required and destroyed. As a result, used copies today have become rare and expensive. Eventually, almost all original printed editions can be expected to disappear.

Greening Justice George William Pring 2009 "This report lays out a decision-making framework for creating an ECT [environmental court and tribunal] that can be useful in different legal cultures and political situations. It provides the tools and support necessary to enhance access to environmental justice in countries around the world that, in turn, will advance the principles of environmental protection, sustainable development, and intergenerational equity through the institutions responsible for delivering environmental justice"--Intro.

Smith County Justice David Ellsworth 2014-02-16 Saul Sotow of the New York Daily Mirror called it "A masterpiece of investigative writing." Margaret Chase of the Newark Evening News said of Smith County Justice, "Not since In Cold Blood . . ." Master literary investigator David Ellsworth unravels the tale of corruption in a Texas county and in his usual style, names names and pulls out everything under the administrative rugs. The book was touted by television's 20/20, by 20th Century Fox, Stephen J. Cannell Productions and a host of others wanting to capitalize on this magnificent work of investigative literature. **Justice and Human Rights in the African Imagination** Chieloazona Eze 2021-04-15 Justice and Human Rights in the African Imagination is an interdisciplinary reading of justice in literary texts and memoirs, films, and social anthropological texts in postcolonial Africa. Inspired by Nelson Mandela and South Africa’s robust achievements in human rights, this book argues that the notion of restorative justice is integral to the proper functioning of participatory democracy and belongs to the moral architecture of any decent society. Focusing on the efforts by African writers, scholars, artists, and activists to build flourishing communities, the author discusses various quests for justice such as environmental justice, social justice, intimate justice, and restorative justice. It discusses in particular ecological violence, human rights abuses such as witchcraft accusations, the plight of people affected by disability, homophobia, misogyny, and sex trafficking, and forgiveness. This book will be of interest to scholars of African literature and films, literature and human rights, and literature and the environment.

The War on Cops Heather Mac Donald 2017-09-19 Violent crime has been rising sharply in many American cities after two decades of decline. Homicides jumped nearly 17 percent in 2015 in the largest 50 cities, the biggest one-year increase since 1993. The reason is what Heather Mac Donald first identified nationally as the “Ferguson effect”: Since the 2014 police shooting death of Michael Brown in Ferguson, Missouri, officers have been backing off of proactive policing, and criminals are becoming emboldened. This book expands on Mac Donald’s groundbreaking and controversial reporting on the Ferguson effect and the criminal-justice system. It deconstructs the central narrative of the Black Lives Matter movement: that racist cops are the greatest threat to young black males. On the contrary, it is criminals and gangbangers who are responsible for the high black homicide death rate. The War on Cops exposes the truth about officer use of force and explodes the conceit of “mass incarceration.” A rigorous analysis of data shows that crime, not race, drives police actions and prison rates. The growth of proactive policing in the 1990s, along with lengthened sentences for violent crime, saved thousands of minority lives. In fact, Mac Donald argues, no government agency is more dedicated to the proposition that “black lives matter” than today’s data-driven, accountable police department. Mac Donald gives voice to the many residents of high-crime neighborhoods who want proactive policing. She warns that race-based attacks on the criminal-justice system, from the White House on down, are eroding the authority of law and putting lives at risk. This book is a call for a more honest and informed debate about policing, crime, and race.

How the Word Is Passed Clint Smith 2021-06-01 Instant #1 New York Times Bestseller Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism PEN America 2022 John Kenneth Galbraith Award for Nonfiction Finalist A New York Times 10 Best Books of 2021 A Time 10 Best Nonfiction Books of 2021 Named a Best Book of 2021 by The New York Times, The Washington Post, The Boston Globe, The Economist, Smithsonian, Esquire, Entropy, The Christian Science Monitor, WBEZ's Nerdette Podcast, TeenVogue, GoodReads, SheReads, BookPage, Publishers Weekly, Kirkus, Fathom Magazine, the New York Public Library, and the Chicago Public Library One of GQ’s 50 Best Books of Literary Journalism of the 21st Century Longlisted for the National Book Award Los Angeles Times, Best Nonfiction Gift One of President Obama's Favorite Books of 2021 This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. **Justice Delayed, Not Justice Denied** Robert Smith 2016-08-03 The reason for writing my sister's story is to display my everlasting, ever-loving memories of Mary H. Smith. She was my second eldest female sibling. Her story is about how she was killed and how her crime was eventually solved after 23 years. As I wrote this story I relived the events of:How my parents reacted when they went to the morgue to view my sister's badly beaten body.How my niece Michelle Strickland, a Cook County Correctional officer, discovered the murderer, a felon by the name of "Escort", by processing his paperwork.How our neighbors processed Mary's death and consoled none of us. How my longtime friend from the neighborhood came to me with two pistols. One for each of us to exact revenge and how we learned later that our target had nothing to do with the crime.

From Here to Equality William A. Darity Jr. 2020-03-03 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn. At several historic moments, the trajectory of racial inequality could have been altered dramatically. Perhaps no moment was more opportune than the early days of Reconstruction, when the U.S. government temporarily implemented a major redistribution of land from former slaveholders to the newly

emancipated enslaved. But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation. Today, systematic inequality persists in the form of housing discrimination, unequal education, police brutality, mass incarceration, employment discrimination, and massive wealth and opportunity gaps. Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents. In *From Here to Equality*, William Darity Jr. and A. Kirsten Mullen confront these injustices head-on and make the most comprehensive case to date for economic reparations for U.S. descendants of slavery. After opening the book with a stark assessment of the intergenerational effects of white supremacy on black economic well-being, Darity and Mullen look to both the past and the present to measure the inequalities borne of slavery. Using innovative methods that link monetary values to historical wrongs, they next assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War. Finally, Darity and Mullen offer a detailed roadmap for an effective reparations program, including a substantial payment to each documented U.S. black descendant of slavery. Taken individually, any one of the three eras of injustice outlined by Darity and Mullen--slavery, Jim Crow, and modern-day discrimination--makes a powerful case for black reparations. Taken collectively, they are impossible to ignore.

Arc of Justice Kevin Boyle 2007-04-01 An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

Killing Me Softly Eddie J. Girdner 2002-09 Girdner (international relations, Bashkent U., Turkey) and Smith (English and philosophy, North Central Missouri College) examine the toxic waste industry and the economic logic behind its expansion. The authors contend that class is the main factor determining where toxic waste dumps are sited both in the U.S. and globally. The text centers around the story of how the politically marginalized people of Mercer County, Missouri successfully resisted the attempts of Amoco Waste- Tech to build a toxic landfill in their area. Annotation copyrighted by Book News, Inc., Portland, OR

The Justice of Contradictions Richard L. Hasen 2018-03-20 Engaging but caustic and openly ideological, Antonin Scalia was among the most influential justices ever to serve on the United States Supreme Court. In this fascinating new book, legal scholar Richard L. Hasen assesses Scalia’s complex legacy as a conservative legal thinker and disruptive public intellectual. The left saw Scalia as an unscrupulous foe who amplified his judicial role with scathing dissents and outrageous public comments. The right viewed him as a rare principled justice committed to neutral tools of constitutional and statutory interpretation. Hasen provides a more nuanced perspective, demonstrating how Scalia was crucial to reshaping jurisprudence on issues from abortion to gun rights to separation of powers. A jumble of contradictions, Scalia promised neutral tools to legitimize the Supreme Court, but his jurisprudence and confrontational style moved the Court to the right, alienated potential allies, and helped to delegitimize the institution he was trying to save.

Victim F Denise Huskins 2021-06-08 The shocking true story of a bizarre kidnapping and the victims' re-victimization by the justice system. In March 2015, Denise Huskins and her boyfriend Aaron Quinn awoke from a sound sleep into a nightmare. Armed men bound and drugged them, then abducted Denise. Warned not to call the police or Denise would be killed. Aaron agonized about what to do. Finally he put his trust in law enforcement and dialed 911. But instead of searching for Denise, the police accused Aaron of her murder. His story, they told him, was just unbelievable. When Denise was released alive, the police turned their fire on her, dubbing her the “real-life ‘Gone Girl’” who had faked her own kidnapping. In Victim F, Aaron and Denise recount the horrific ordeal that almost cost them everything. Like too many victims of sexual violence, they were dismissed, disbelieved, and dragged through the mud. With no one to rely on except each other, they took on the victim blaming, harassment, misogyny, and abuse of power running rife in the criminal justice system. Their story is, in the end, a love story, but one that sheds necessary light on sexual assault and the abuse by law enforcement that all too frequently compounds crime victims’ suffering.

The Mueller Report Robert S. Mueller 2019-04-26 This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

Christmas Stories Never Told David Ellsworth 2013-10 David Ellsworth's classic Christmas short stories that have been a favorite of Latin American families for years. Now in English, this is required reading for this and every Christmas. Truly delightful tales that inspire and help to make each Holiday Season truly special.

Smith County Justice David Ellsworth 1997

The Chief Joan Biskupic 2019-03-26 An incisive biography of the Supreme Court's enigmatic Chief Justice, taking us inside the momentous legal decisions of his tenure so far. John Roberts was named to the Supreme Court in 2005 claiming he would act as a neutral umpire in deciding cases. His critics argue he has been anything but, pointing to his conservative victories on voting rights and campaign finance. Yet he broke from orthodoxy in his decision to preserve Obamacare. How are we to understand the motives of the most powerful judge in the land? In *The Chief*, award-winning journalist Joan Biskupic contends that Roberts is torn between two, often divergent, priorities: to carry out a conservative agenda, and to protect the Court’s image and his place in history. Biskupic shows how Roberts's dual commitments have fostered distrust among his colleagues, with major consequences for the law. Trenchant and authoritative, *The Chief* reveals the making of a justice and the drama on this nation's highest court.

Cowboy Justice Jim Gober 1997 A look into a period in American history full of sweeping changes--an intensely personal account of the Old West as told by the memoirs of Jim Gober, a Texas lawman.

Poster Child, the Kemba Smith Story Kemba Smith 2013-07-18 In this long-awaited memoir, Kemba Smith shares her dramatic story, as it has never been told. Poster Child: The Kemba Smith Story chronicles how she went from college student to drug dealer's girlfriend to domestic violence victim to federal

prisoner. Kemba shares her story of how making poor choices blinded by love and devotion can have long-term consequences. In 1994, Kemba was sentenced to a mandatory 24 1/2 years in federal prison, with no chance for parole, despite being a first-time, non-violent offender. Fortunately, she regained her freedom when President Clinton granted her executive clemency in December 2000 after having served 6 1/2 years. Kemba's case drew support from across the nation and the world. Often being labeled the "poster child" for the campaign to reverse a disturbing trend in the rise of lengthy sentences for first-time, non-violent drug offenders, Kemba's story has been featured on CNN, Court TV, "Nightline," "Judge Hatchett," "The Early Morning Show" and a host of other television programs. In addition, Kemba's story has been featured in several publications, such as The Washington Post, The New York Times and Emerge, JET, Essence, Glamour, and People magazines. Author Bio: Kemba Smith Pradia is a wife, mother, national motivational speaker, consultant, author, and criminal justice advocate. She has received numerous awards and recognition for her courage and determination to educate the public about the devastating social, economic, and political consequences of current drug policies. Ultimately, Kemba knows there is a lesson in each experience in life, and she has embraced her experience, learned from it, and is now using that experience to teach others. For more information about Kemba, visit www.kembasmith.com. Monique W. Morris is a researcher, author, and social justice advocate who has nearly twenty years of professional and volunteer experience as a scholar advocate in the areas of civil rights and social justice. Monique is the CEO of MWM Consulting Group, LLC, a research and technical assistance firm that advances concepts of fairness, diversity, and inclusion. She is the author of Too Beautiful for Words and thirty-five published articles, book chapters, and other documents on social justice issues. She is also a proud member of Delta Sigma Theta Sorority, Inc., and a regular contributor to MSNBC's TheGrio.com. For more information about Monique, visit www.moniquewmorris.com. keywords: Kemba Smith, Clinton Pardon/Clemency, Criminal Justice Issues, Mandatory Minimum Sentencing, Drug Dealer Girlfriend, Women in Prison, First-time offender, Domestic Violence, Women's Issues, Teen Choices/Consequences

Legendary Louisiana Outlaws Keagan Lejeune 2016-03-21 From the infamous pirate Jean Laffite and the storied couple Bonnie and Clyde, to less familiar bandits like train-robber Eugene Bunch and suspected murderer Leather Britches Smith, Legendary Louisiana Outlaws explores Louisiana's most fascinating fugitives. In this entertaining volume, Keagan Lejeune draws from historical accounts and current folklore to examine the specific moments and legal climate that spawned these memorable characters. He shows how Laffite embodied Louisiana's shift from an entrenched French and Spanish legal system to an American one, and relates how the notorious groups like the West and Kimbrell Clan served as community leaders and law officers but covertly preyed on Louisiana's Neutral Strip residents until citizens took the law into their own hands. Likewise, the bootlegging Dunn brothers in Vinton, he explains, demonstrate folk justice's distinction between an acceptable criminal act (operating an illegal moonshine still) and an unacceptable one (cold-blooded murder). Recounting each outlaw's life, Lejeune also considers their motives for breaking the law as well as their attempts at evading capture. Running from authorities and trying to escape imprisonment or even death, these men and women often relied on the support of ordinary citizens, sympathetic in the face of oppressive and unfair laws. Through the lens of folk life, Lejeune's engaging narrative demonstrates how a justice system functions and changes and highlights Louisiana's particular challenges in adapting a system of law and order to work for everyone.

Chasing Justice Kerry Max Cook 2008-03-11 Kerry Cook is an innocent man who wrongly served two decades in Texas's notorious death house for the brutal 1977 rape and murder of 21-year-old Linda Jo Edwards. His struggle for freedom is said to be one of the worst cases of police and prosecutorial misconduct in American history. In the summer of 1977, Cook was staying in Tyler, TX. He met an attractive young woman named Linda Edwards and was invited back to her apartment for a drink and left his fingerprints on the sliding glass door. Four days later, Ms. Edwards was found brutally murdered. When the police dusted for prints, they found Cook's and immediately arrested him. Edward Jackson testified that Cook confessed to the murder during a jailhouse conversation. Jackson was set free, only to kill again several years later. Cook, on the other hand, was convicted and sentenced to death. He was thrown into a world for which no one could be prepared, and he survived beatings, sexual abuse, and depression; all the while, he fought against a justice system that was determined to keep him quiet and loath to admit a mistake. Through the work of a crusading group of lawyers who forced a series of retrials, his case made its way to the U.S. Supreme Court, which ordered the case be reconsidered. It wasn't until the spring of 1999 that Cook was finally able to put the nightmare behind him: long-suppressed DNA evidence had linked James Mayfield, Linda Edwards's ex-lover, to the crime.

Last Chance for Justice T. K. Thorne 2013-09-01 On the morning of September 15, 1963, a bomb exploded outside the Sixteenth Street Baptist Church in Birmingham, Alabama, killing four young girls. Thirty-two years later, stymied by a code of silence and an imperfect and often racist legal system, only one person, Robert &“Dynamite Bob&” Chambliss, had been convicted in the murders, though a wider conspiracy was suspected. With many key witnesses and two suspects already dead, there seemed little hope of bringing anyone else to justice. But in 1995 the FBI and local law enforcement reopened the investigation in secret, led by detective Ben Herren of the Birmingham Police Department and special agent Bill Fleming of the FBI. For over a year, Herren and Fleming analyzed the original FBI files on the bombing and activities of the Ku Klux Klan, then began a search for new evidence. Their first interview—with Klansman Bobby Frank Cherry—broke open the case, but not in the way they expected. Told by a longtime officer of the Birmingham Police Department, Last Chance for Justice is the inside story of one of the most infamous crimes of the civil rights era. T. K. Thorne follows the ups and downs of the investigation, detailing how Herren and Fleming identified new witnesses and unearthed lost evidence. With tenacity, humor, dedication, and some luck, the pair encountered the worst and best in human nature on their journey to find justice, and perhaps closure, for the citizens of Birmingham.

Little Book of Restorative Justice for People in Prison Barb Toews 2006-08-01 Restorative justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is helping restore prisoners' sense of humanity while holding them accountable for their actions. Toews, with years of experience in prison work, shows how these practices can change prison culture and society. Written for an incarcerated audience, and for all those who work with people in prison, this book also clearly outlines the experiences and needs of this under-represented part of our society. A title in The Little Books of Justice and Peacebuilding Series.

The Budget in Brief 1965

Coordinating the Criminal Justice System Leslie J. Smith 2007-11-12 This guide was developed to assist students, professors, executives of local criminal justice systems, and appointed and elected officials of general government to have a better understanding on how the criminal justice system should function. It may also be of special interest to citizens and public officials who sense that more collaboration and coordination is needed to enhance criminal justice decision making which, in turn, will have a positive impact on local criminal justice systems. Leslie J. Smith advocates that the performance of the criminal justice system should be measured in terms of achieving the goals and objectives of each component collectively. Although the legislative, judicial, and executive branches of the U.S. government are constitutionally independent and not required to engage in any coordinated planning activities, these requirements should not lead to poor performance. It is essential to promote positive government through increased collaboration by identifying philosophical principles that will promote the participation of citizens, law enforcement, judiciary, prosecution, corrections, victims, treatment providers, and educators in the development of strategies to prevent, reduce and control crime. There are approximately twenty states throughout the United States that have fostered criminal justice collaborations of this type. The key to accomplishing this objective is effective leadership. This approach is growing in popularity and this book will assist in the further development of this strategy. This guide provides a step-by-step strategy that simplifies the aforementioned issues. It will be especially advantageous for newly appointed criminal coordinators, planners, and others that are charged with creating a hands-on approach to coordinating their local criminal justice processes. Above all, as criminal justice presses forward to the future, the guide will assist in "bridging the gap" between traditional and contemporary approaches to criminal justice planning.

MacClinton Sam Griffith 2016-04-01 MacClinton, a modern tale of Bill Clinton’s political career told in the format of Shakespeare’s Macbeth. This amusing drama is fleshed out with notes that detail Clinton’s scandals and cover-ups. After reading it, you'll want to examine the character and actions of political candidates before voting for or against them.

Searching and Seizing Computers and Obtaining Electronic Evidence in Criminal Investigations Orin S. Kerr 2001

Stupidism David Ellsworth 2016-07-25 People believe the most preposterous things. Stupidism is an exploration of man's ability to embrace the most absurd belief systems and sincerely believe they are true.

No Country for Old Men Cormac McCarthy 2007-11-29 This blistering novel—from the bestselling, Pulitzer Prize-winning author of The Road—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become

free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. No Country for Old Men is a triumph.

The Ground Breaking Scott Ellsworth 2022-05-17 2021 National Book Award Longlist 2022 Carnegie Medal Nonfiction Longlist One of The New York Times' “11 New Books We Recommend This Week” | One of Oprah Daily's “20 of the Best Books to Pick Up This May” | One of The Oklahoman's “15 Books to Help You Learn About the Tulsa Race Massacre as the 100-Year Anniversary Approaches” |A The Week book of the week As seen in documentaries on the History Channel, CNN, and Lebron James’s SpringHill Productions And then they were gone. More than one thousand homes and businesses. Restaurants and movie theaters, churches and doctors’ offices, a hospital, a public library, a post office. Looted, burned, and bombed from the air. Over the course of less than twenty-four hours in the spring of 1921, Tulsa’s infamous “Black Wall Street” was wiped off the map—and erased from the history books. Official records were disappeared, researchers were threatened, and the worst single incident of racial violence in American history was kept hidden for more than fifty years. But there were some secrets that would not die. A riveting and essential new book, The Ground Breaking not only tells the long-suppressed story of the notorious Tulsa race massacre. It also unearths the lost history of how the massacre was covered up, and of the courageous individuals who fought to keep the story alive. Most important, it recounts the ongoing archaeological saga and the search for the unmarked graves of the victims of the massacre, and of the fight to win restitution for the survivors and their families. Both a forgotten chronicle from the nation’s past and a story ripped from today’s headlines, The Ground Breaking is a page-turning reflection on how we, as Americans, must wrestle with the parts of our history that have been buried for far too long.

Wolf’s Revenge Lachlan Smith 2017-10-03 “Full of revelations, surprises and shocks,” the fifth Leo Maxwell mystery pits the underdog defense attorney against an unforgiving prison gang (Bookreporter). Lachlan Smith’s Shamus Award-winning series continues with attorney-detective Leo Maxwell seeking an exit strategy from his family’s deepening entanglement with a ruthless prison-based gang. Caught between the criminals and the FBI, Leo charts his own path in defending a young woman who was manipulated into brazenly murdering a member of the Aryan Brotherhood in San Francisco’s Tenderloin neighborhood. When the consequences strike heartbreakingly close to home, Leo, his brother Teddy, and the rest of the family are forced into a winner-takes-all confrontation with men who don’t care how many innocents they harm in achieving their goals. As Leo’s world collapses, long-held secrets are revealed, transforming his perspective on the aftermath of the tragedy that derailed his childhood and fractured his family twenty-one years ago. The question then becomes who will get revenge first—the Maxwells or the sadistic gang leader who pursues them? “In its complexity, Wolf’s Revenge might remind a reader of a John le Carré novel; few are who they seem to be. Spies and double agents abound. This novel has action, some violence, but its real strengths are its intricacy and some rather dispiriting revelations about our criminal justice system.” —Tuscaloosa News “Operating at the top of his game, Smith is as good as anyone writing today at combining a mystery with the overlay of existential dread that noir fans relish.” —Publishers Weekly (starred review)

Justice Or Revenge Barney Smith 2021-03-17 A Motor Cycle Gang, in Orlando, is brought to the attention of law enforcement, after a gang member is murdered. The case is assigned to Homicide Detectives; Sergeant Jake Jacoby and his partner, Ed Rollins, of the Orange County Sheriff's Office. The investigation brings suspicion that the biker gang is involved in dealing drugs. An Organized Crime Family, from Philadelphia, becomes part of the investigation when they are suspected of being involved in Gambling, Loan Sharking and Money Laundering. The investigation takes another turn when it is discovered, a deputy sheriff is a true family member of this Crime Family. Significant issues are developed, identifying a connection of the two criminal groups. This results in investigators from several different investigative units being brought in to support the Homicide Unit. As a side note, readers will not be able to solve any murders until the investigators do.

Lectures on Justice, Police, Revenue and Arms Adam Smith 1896

The Injustice System Clive Stafford Smith 2014-03-25 An Atlantic Book of the Year and finalist for the Orwell Prize: a riveting true crime tale from the defense attorney who inspired John Grisham’s The Chamber Legendary criminal defense attorney Clive Stafford Smith has devoted his career to helping save penniless defendants from a justice system whose goal is not so much to find the right man as to get a conviction. Miami, 1986. Kris Maharaj is arrested, tried, and sentenced to death for the brutal murder of his ex-business partner, Derrick Moo Young, and Derrick’s son, Duane. Suspecting Kris may be innocent, as he claims, Stafford Smith begins his own investigation, which takes him from Miami to Nassau in the Bahamas to Colombia in search of the real killer. Interweaving the author’s inspiring personal story with a spellbinding page-turner, The Injustice System exposes our broken legal process—and drops a bombshell that should reopen a long-closed case.

Ireland and the Magdalene Laundries Claire McGettrick 2021-08-12 Between 1922 and 1996, over 10,000 girls and women were imprisoned in Magdalene Laundries, including those considered 'promiscuous', a burden to their families or the state, those who had been sexually abused or raised in the care of the Church and State, and unmarried mothers. These girls and women were subjected to forced labour as well as psychological and physical maltreatment. Using the Irish State's own report into the Magdalene institutions, as well as testimonies from survivors and independent witnesses, this book gives a detailed account of life behind the high walls of Ireland's Magdalene institutions. The book offers an overview of the social, cultural and political contexts of institutional survivor activism, the Irish State's response culminating in the McAleese Report, and the formation of the Justice for Magdalenes campaign, a volunteer-run survivor advocacy group. Ireland and the Magdalene Laundries documents the ongoing work carried out by the Justice for Magdalenes group in advancing public knowledge and research into Magdalene Laundries, and how the Irish State continues to evade its responsibilities not just to survivors of the Magdalenes but also in providing a truthful account of what happened. Drawing from a variety of primary sources, this book reveals the fundamental flaws in the state's investigation and how the treatment of the burials, exhumation and cremation of former Magdalene women remains a deeply troubling issue today, emblematic of the system of torture and studious official neglect in which the Magdalene women lived their lives. The Authors are donating all royalties in the name of the women who were held in the Magdalenes to EPIC (Empowering People in Care).

When a Killer Calls John E. Douglas 2022-02-01 From John Douglas—the legendary FBI criminal profiler, #1 New York Times bestselling author, and inspiration for the Netflix show Mindhunter—comes a chilling journey inside the mind and crimes of Larry Gene Bell, one of the most dangerous serial killers Douglas confronted, and the desperate effort to identify and catch him. On May 31, 1985, two days before her high school graduation, Shari Smith was abducted from the driveway of her family home in South Carolina. Based on the crime scene and the abductor’s repeated and taunting calls to the family, law enforcement quickly realized they were dealing with a sophisticated and highly dangerous criminal. A letter arrived the next day entitled “Last Will & Testament,” in which Shari, knowing she was to be murdered, wrote bravely and achingly of her love for her parents, siblings, and boyfriend, saying that while they would miss her, she knew they would persevere through their faith. The abduction rocked her quiet town, triggering a massive manhunt and bringing in the FBI, which enlisted profiler John Douglas. A few days later, a phone call told the family where they could find Shari’s body. Then nine-year-old Debra May Helmick was kidnapped from her yard, confirming the harsh realization that Smith’s murder was no random act. A serial killer was evolving, and the only way to stop him would be to use the study of criminal behavior to anticipate his next move before he could kill again. Douglas devised a risky and emotionally fraught strategy to use Shari’s lookalike older sister Dawn as bait to draw out the unknown subject. Dawn and her parents courageously agreed. One of the most haunting investigations of Douglas’s storied career, this case details how the eerily accurate profile he created—alongside his carefully crafted and stage-managed manipulation of the killer’s psychology—combined with dedicated police work and cutting-edge forensic science to end a reign of criminal terror. As Shari’s family took incredible personal risks to lure her killer from the shadows, Douglas and the FBI pushed criminal profiling to its limits, culminating in one of his most dramatic and effective confrontations with a sadistic and remorseless killer.

World War II Unknown David Ellsworth, Ph.d. 2016-06-26 Before it's forever lost to history, World War II Unknown is a final examination of the events, personalities, errors and intrigues of the world's greatest war.

Geography and Social Justice David M. Smith 1994-06-14 Human geography - cultural, economic, political, and social - is inherently concerned with social justice and injustice. So also are the associated fields of urban and regional analysis and planning: being born in one country, region or one part of a particular city many, for example, be the single most important factor in an individual's health, education, and longevity. It is clear that in every nation, including

present and former socialist societies, wealth and privilege are unevenly divided. But would an equal division of resources really be preferable from a moral point of view? Is it even possible to propound universal prescriptions of what is socially just? or to talk about universal rights in a world in which different kinds of people (according to class, gender, race, and religion) are treated so differently in different places? Such questions are far from simple. In this book David Smith, one of the world's leading geographical thinkers, throws incisive light upon them. He proceeds first by providing a critical and accessible review of relevant issues in social and moral philosophy, in particular the contrasting claims of different theories of social justice, and the nature of rights and needs. He examines John Rawls's proposition that inequality can be justified to the extent that it benefits the worst-off; and he considers how far justice may or should be seen as a process for equalization or of returning to equality, in the face of persistent and widespread inequality. The author then applied theoretical perspectives to case studies. These are based on his own first-hand research, and cover racial injustice in the American South, inequality under socialism and

its aftermath in eastern Europe, and the prospects for social justice in post-apartheid South Africa. David Smith examines the plight of those peoples who have no secure place or defined territory, focussing on the conflicting claims of the Palestinians and the Israelis. Finally he draws together elements of theory and experience to present trenchantly argued conclusions on the justice of market-led society, the ends of egalitarianism, and the universality of just principles. By both precept and example he shows the central contribution that geographers can make to the understanding of social justice in a complex and rapidly changing world.

The State Of The Prisons In England And Wales John Howard 1784

Crown Duel Sherwood Smith 1997 To fulfill their father's dying wish, teenage Countess Meliara and her brother Branaric organize a revolution against a greedy king.
