Jewish Spiritual Practices Yitzhak Buxbaum 1994-04-01 The Jewish mystic path and its practices to attain God-consciousness.

Amazing Chesed Rami Shapiro 2012-11 The question isn't whether grace God's love freely given is there for you in Judaism. The question is, do you have the courage to accept it? Ask almost any Jew whether grace is a central concept in Judaism and an essential element in living Jewishly, and, chances are, their answer will be *no*. But that's the wrong answer. This fascinating foray into God's love freely given offers the reader a way to answer that question in the affirmative. Drawing from ancient and contemporary, traditional and non-traditional Jewish wisdom, this book reclaims the idea of grace in Judaism in three ways: *1* It offers a view of God that helps the reader understand what grace is, why grace is, and how grace manifests in the world. *2* It sets forth a reading of Judaism that is grace-filled: an understanding of creation, Shabbat and other Jewish practices from a grace-filled perspective. *3* It challenges the reader to be embraced and transformed by grace, and to live life as a vehicle for God's grace, thereby fulfilling the promise of being created in God's image and likeness.

The Light and Fire of the Baal Shem Tov Yitzhak Buxbaum 2006-09-05 This is a life, in stories, of Rabbi Israel Baal Shem Tov (1700-1760), the founder of Hasidism. The Baal Shem Tov, or the Besht, as he is commonly called, led a revival in Judaism that put love and joy at the center of religious life and championed the piety of the common folk against the rabbinic establishment. He has been recognized as one of the greatest teachers in Jewish history, and much of what is alive and vibrant in Judaism today, in all denominations, derives from his inspiration. Abraham Joshua Heschel, who was descended from several illustrious Hasidic dynasties, wrote: "The Baal Shem Tov brought heaven to earth. He and his disciples, the Hasidim, banished melancholy from the soul and uncovered the ineffable delight of being a Jew.">

But God Remembered Sandy Eisenberg Sasso 1995 Here are stories that might have happened, about four women of biblical tradition.

Amazing Chesed Rami Shapiro 2012-11-01 The question isn't whether grace is there for you in Judaism. The question is, do you have the courage to accept it? Chesed isn't a reward; it is reality. God's grace isn't limited to what we want to happen or might like to happen. God's grace is what is happening whether we like it or not. In short, God's grace is the giving of all to all." --from the Introduction Ask almost any Jew whether grace is a central concept in Judaism and an essential element in living Jewishly and, chances are, their answer will be "no." But that's the wrong answer. This fascinating foray into God's love freely given offers you--regardless of your level of Jewish involvement--a way to answer that question in the affirmative. Drawing from ancient and contemporary, traditional and non-traditional Jewish wisdom, this book reclaims the idea of grace in Judaism in three ways: It offers a view of God that helps you understand what grace is, why grace is, and how grace manifests in the world. Reform Judaism for the Rest of Us Alexander Maller 2012 Reform Judaism has been tested by the spiritual torments and ideological upheavals of the last two centuries. Now, Reform Judaism for the Rest of Us brings into discussion key tenets and opinions that shape current thinking within the faith and introduces ideas for its future development. Author Alexander Maller believes that the core message of Reform Judaism, a modern faith inspired by the Jewish heritage and the Jewish and American Enlightenment, is entering a new phase in its history. Free from the defunct extremist ideologies of the last centuries, American Reform Judaism can expand its reach into the new millennium if it strengthens its grassroots appeal to be of, by, and for the Reform congregants. It must also have a strong Jewish divine faith orientation, be open-minded to the realities of modern living, bear a deep love of Zion, and uphold a strong defense of the Constitution. The arguments brought forth in this study stem from the author's position as a lay congregant. They also arise from the fact that he is a participant in and an observer of the continuous dialogue between rank-and-file congregants and clergy, as well as among congregations and various denominations of faith. Reform Judaism for the Rest of Us encourages congregants to adopt a sustainable, modern, deity-based orientation inspired by Jewish heritage and the American spirit.

Elie Wiesel and the Art of Storytelling Rosemary Horowitz 2014-11-01 Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism. From his landmark memoir *Night* to his novels and numerous retellings of Hasidic legends, Wiesel's literature emphasizes storytelling, and he frequently refers to himself as a storyteller rather than an author or historian. In this work, essays examine Wiesel's roots in Jewish storytelling traditions; influences from religious, folk, and secular sources; education; Yiddish background; Holocaust experience; and writing style. Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences.

Jewish Tales of Holy Women Yitzhak Buxbaum 2002-11-08 What is a "holy woman," or a holy man for that matter? According to the Jewish mystics, a holy person is someone who has not lost the holiness that every baby is born with. A holy person is someone who fulfills it. Stories about Jewish holy women have rarely been collected in such an engaging and entertaining form. The tales display a specifically female Jewish spirituality, giving us a peek into a world of devotional beauty that focuses on kindness. These stories of laughter and tears, humility and bravery, striving and trance, have an appeal spanning the denominational spectrum: they are spiritual nourishment for the soul. The rabbis say there are both male and female angels and angels are on earth as well as in heaven. These tales enhance our appreciation of the female angels on earth.

Jewish Stories One Generation Tells Another Peninnah Schram 1996-05-01 Peninnah Schram, widely regarded as one of the great Jewish storytellers of our generation, has collected and retold sixty-four delightful Jewish folktales to create *Jewish Stories One Generation Tells Another*. Ms. Schram, who believes that stories form "the link between the generations," helps forge that link with this book, ensuring that these stories will continue to live and breathe in the modern world. The life force animating these tales is almost tangible. The printed words seem to vibrate, as if the author possessed the voices of various tellers and lent their lilting tones and ripe inflections to the printed page. Furthermore, the laughter, sobs, and delighted cries of countless listeners also echo in these pages. Schram, who has written a thoughtful, informative introduction for each story, demonstrates on every page her belief that the stories "connect to our lives." And when the lifelike characters woven into Schram's magic tapestry suffer or enjoy the fates they most deserve, we rejoice, secure in their storybook world?a world where justice, however incomprehensible, is always done, and where we attain happiness by living in accordance with Jewish law and in harmony with the world's natural order. *Jewish Stories One Generation Tells Another* abounds in a gentle wisdom that presses itself upon our complex and often self-contradictory lives, infusing us with patience, tolerance, and hope. We identify with the kings and princes, fools and beggars, heroes and leaders, villains and witches of yesteryear because, though our lives are vastly different from theirs, we share their moral choices and experience their dilemmas. Schram joins Jewish storytellers throughout the ages, linking past to present and preserving an invaluable legacy for generations yet unborn.

The Art of Mystical Narrative Eitan P. Fishbane 2018-11-22 In the study of Judaism, the Zohar has captivated the minds of interpreters for over seven centuries, and continues to enthrance readers in contemporary times. Yet despite these centuries of study, very little attention has been devoted to the literary dimensions of the text, or to formal appreciation of its status as one of the great works of religious literature. The Art of Mystical Narrative offers a critical approach to the zoharic story, seeking to explore the interplay between fictional discourse and mystical exegesis. Eitan Fishbane argues that the narrative must be understood first and foremost as a work of the fictional imagination, a representation of a world and reality invented by the thirteenth-century authors of the text. He claims that the text functions as a kind of dramatic literature, one in which the power of revealing mystical secrets is demonstrated and performed for the reading audience. The Art of Mystical Narrative offers a fresh, interdisciplinary perspective on the Zohar and on the intersections of literary and religious studies.

Creating a Judaism Without Religion S. Daniel Breslauer 2001 This book examines how some modern and contemporary Jewish thinkers and writers have imagined a Judaism without the boundaries and restrictions that go by the name of "religion." The book offers scholarly insights into some Jewish thinkers--notably Martin Buber and Eugene Borowitz, some Jewish writers--in particular the poet Hayyim Nahman Bialik and the Yiddish author I.L. Peretz. The study also introduces more contemporary thinkers and writers such as the postmodernist Jacques Derrida, the contemporary Israeli novelist David Grossman, and the young Israeli poet Ilan Sheinfeld. While of scholarly interest, the ten chapter work has more general appeal as a way of conceiving Jewish living outside the restrictions of religion. One third of the book suggests a way of looking at God and theology as part of the process of living rather than as fixed realities. Another third explores how Jewish culture can be liberated from the restrictions of nationalism and parochialism. The final third focuses on a postmodern ethics of the self that emerges from face to face meetings with others. The author contends that the future Judaism has created will be pluralistic, diverse, and oriented toward the future.

Jewish Tales of Mystic Joy Yitzhak Buxbaum 2002-11-08 Jewish Tales of Mystic Joy reveals the happiness that awaits us if we strive for real spirituality. The stories are about pious rabbis and humble tailors, about dancing, singing, laughing, and crying, but their common denominator is always joyous ecstasy. Drawing us into a world of devotion, the tales allow us to taste the bliss that comes from a life lived from the very center of one's self. Each story comes alive in joy and produces a "holy shiver" that speaks to the soul.

Rabbinic Stories Jeffrey L. Rubenstein 2002 Stories from the main works of classical rabbinic literature, which were produced by Jewish sages in either Hebrew or Aramaic, between 200 and 600 CE.

Our Lives As Torah Carol Ochs 2002-02-28 In this powerful book, Carol Ochs shows us how to develop personal theology by examining our life stories, learning to recognize God at work in them, and bringing them into conversation with Torah. Using timeless biblical texts as lenses to see the present, she helps us understand who we are and who God is for us by exploring the tightly interwoven basic elements of our lives--our love, suffering, work, bodies, prayer, community, and experiences of death. Through the process of seeing our experiences in relation to biblical stories, we begin to recognize our lives as part of the ongoing story of the Jewish people--as Torah. This insight allows us to see these experiences as meaningful, not accidental, and opens us to recognizing God's power in and through all that happens to us. Rather than a collection of random events, our lives are part of the Jewish people's ongoing adventure. Armed with our personally shaped theology, we can face this adventure of living in the vanguard of history with awareness and confidence.

Nectar #10 Babaji Bob Kindler 2003-01-31 Islam, Vedanta, Yoga, Zen, Tibetan Buddhism, Christianity, Judaism – one finds all these and more represented in Nectar of Nondual Truth. And never mind that there are points of difference with regard to practice and approach. You will find a nearly unanimous agreement around the Essence. On the cover, in the "scriptural quote for this issue, we find the rishis of ancient India referring to this nondual Reality in terms of "something hidden." It is indicated by religious traditions as the Pearl of Great Price, the White Dove Ascending, the Bourne of Freedom from Fear, the Ultimate Quest and other expressions which indicate both the beauty of and the difficulty involved in finding this Treasure, and infer the huge amount of self-effort that will have to be undertaken to succeed in this most excellent endeavor. But purity, practice, patience and perseverance – what can stymie the aspiring soul who approaches Divine Reality with such resolve? If one wants to see patina exude from a copper penny, one places it in a damp atmosphere and watches for days, weeks, even months, until that green substance finally issues forth. What a huge amount of work and effort is involved in gaining a few drops sesame oil from hundreds of seeds! Reality is "hidden," then. Nature is its sporting-ground, the universe Its Cosmic Mind, thought-force is Its power to create, revealed scripture is Its revelation, and forms and objects are solid reminders of both Its power to create and Its transcendent and unlimited nature. Yet, all of these are reflections, are insentient material principles. The one Spirit, though It pervades them, is independent of them, and they all get their existence and their ability to shine with reflected light from That. It is Svarupa, to quote the ancients, Essential Being, and everything, everyone else, is Svarupavishranti – always resting in this one essential Being.

Here you will find stories that inspire, teach or simply amuse, each accompanied by a note discussing the lessons that can be drawn from it and why it is a particular rabbi's favorite. Perfect for reading aloud or alone, Three Times Chai makes a wonderful gift, a valuable resource for sermons, and a singular tool for promoting thoughtful conversation in the classroom.

Children, Adults, and Shared Responsibilities Marcia J. Bunge 2012-09-27 This collection of essays by Jewish, Christian, and Muslim scholars underscores the significance of sustained and serious ethical, inter-religious, and interdisciplinary reflection on children. Essays in the first half of the volume discuss fundamental beliefs and practices within the religious traditions of Judaism, Christianity and Islam regarding children, adult obligations to them, and a child's own obligations to others. The second half of the volume focuses on selected contemporary challenges regarding children and faithful responses to them. Marcia J. Bunge brings together scholars from various disciplines and diverse strands within these three religious traditions, representing several views on essential

questions about the nature and status of children and adult-child relationships and responsibilities. The volume not only contributes to intellectual inquiry regarding children in the specific areas of ethics, religious studies, children's rights, and childhood studies, but also provides resources for child advocates, religious leaders, educators, and those engaged in inter-religious dialogue.

Children's Perceptions of the Role of Biblical Narratives in Their Spiritual Formation Annie George 2017-02-28 In the Bible, storytelling is an important means to pass on the revelation of God. God repeatedly commanded the people of Israel to tell his mighty acts to the next generation. Invariably churches follow this mandate and use biblical narratives as a means to transmit God's self-revelation to enable transformation. The author, Dr Annie George, listens to the voices of children in order to understand their perceptions of how storytelling of biblical narratives help them in their spiritual formation. Dr George's research highlights the importance of evaluating the impact of biblical

narratives from a child's perspective as well as emphasising the need to give the same priority to the spiritual transformation of children as with other areas of study and ministry.
