rain heavily. But Tlaloc saw that there were two good people, named Tata and Nena. So he warned Tata and Nena that a great flood was on the way. He told them to make an ark by hollowing out a huge tree trunk. The rain got heavier and Tata and Nena worked quickly to make a hollow log. Just as the flood hit, they climbed inside and were swept away.

□□

The rainbow signifies the end of the rain, as God sees the token of His covenant with all flesh and brings an end to the rain. The word ní (□) literally refers to the FINAL PART (ér, □) of the RAIN (yǔ, □). Our next article will consider the construction of the tower of Babel, and the division of the nations which took place there.

The Rainbow Passage - University of York

the rainbow was caused by reflection of the sun's rays by the rain. Since then physicists have found that it is not reflection, but refraction by the raindrops which causes the rainbows. Many complicated ideas about the rainbow have been formed. The difference in the rainbow depends considerably upon the size of the drops, and
