*Light from the East. Papyrologische Kommentare Zum Neuen Testament* Peter Arzt-Grabner 2010 The papers in this book provide a good introduction to the purpose and scope of the PKNT project. The PKNT commentaries function as original and innovative supplements to traditional biblical commentaries. -- Scott Charlesworth, Pacific Adventist University, Review of Biblical Literature Seit 15 Jahren werden die Papyrologischen Kommentare zum Neuen Testament (PKNT) vom Osterreichischen Wissenschaftsfonds FWF durch Forschungsprojekte an der Universitat Salzburg gefordert. Aus diesem Anlass fand im Dezember 2009 ein internationales Symposium statt, an dem Papyrologen, Bibelwissenschaftler, Klassische Philologen, Anthropologen und Rechtshistoriker aus den USA, aus Kanada, Italien, Deutschland und Osterreich teilnahmen. Im Zentrum der Papyrologischen Kommentare stehen Papyri, beschriebene Tonscherben, Holz- und Wachstafelchen aus dem griechisch-romischen Alltag, die die Sprache, die Textsorten, die Themen, die zeitgeschichtliche und soziale Situation biblischer Texte beleuchten. Die in dem von Peter Arzt-Grabner und Christina M. Kreinecker herausgegebenen Band vorgelegten Beitrage widmen sich einzelnen Texten des Alten und Neuen Testaments

(Genesis, Johannesevangelium, Paulusbriefe) und behandeln ubergreifende Themen wie die antike Sklaverei, das Hirtenwesen, die Autorschaft und Uberlieferungsgeschichte paulinischer Briefe, das Textilhandwerk, die Ausbildung von Lehrlingen, die Heiligenverehrung, die Ubersetzung der Hebraischen Bibel und die fruhchristliche Liturgie. Since more than 15 years, research projects entitled Papyrological Commentaries on the New Testament (PKNT) are sponsored by the Austrian Science Fund FWF. In December 2009 a symposium was held at the University of Salzburg where papyrologists, biblical scholars, scholars of classics, anthropology, and ancient law from the US, from Canada, Italy, Germany, and Austria met to present their papers. The Papyrological Commentaries focus on documentary papyri, ostraca, as well as wooden and waxed tablets from Greco-Roman times that illuminate language, genre, topics, and the social and political situation of biblical texts. The papers of this volume edited by Peter Arzt-Grabner and Christina M. Kreinecker deal with specific texts of the Old and New Testament (Genesis, Gospel of John, Pauline Letters) and are concerned with ancient slavery; the world of shepherds, weavers, and apprentices; the tradition and compilation of Pauline letters; the veneration of saints; the translation of the Hebrew Bible; and early Christian liturgy.

Navigating Environmental Attitudes Thomas A. Heberlein 2012-08-27 The environment, and how humans affect it, is more of a concern now than ever. We are constantly told that halting climate change requires raising awareness, changing attitudes, and finally altering behaviors among the general public-and fast. New information, attitudes, and actions, it is conventionally assumed, will

necessarily follow one from the other. But this approach ignores much of what is known about attitudes in general and environmental attitudes specifically—there is a huge gap between what we say and what we do. Solving environmental problems requires a scientific understanding of public attitudes. Like rocks in a swollen river, attitudes often lie beneath the surface—hard to see, and even harder to move or change. In *Navigating Environmental Attitudes*, Thomas Heberlein helps us read the water and negotiate its hidden obstacles, explaining what attitudes are, how they change and influence behavior. Rather than necessarily trying to change public attitudes, we need to design solutions and policies with them in mind. He illustrates these points by tracing the attitudes of the well-known environmentalist Aldo Leopold, while tying social psychology to real-world behaviors throughout the book. Bringing together theory and practice, *Navigating Environmental Attitudes* provides a realistic understanding of why and how attitudes matter when it comes to environmental problems; and how, by balancing natural with social science, we can step back from false assumptions and unproductive, frustrating programs to work toward fostering successful, effective environmental action. "With lively prose, inviting stories, and solid science, Heberlein pilots us deftly through the previously uncharted waters of environmental attitudes. It's a voyage anyone interested in environmental issues needs to take." -- Robert B. Cialdini, author of *Influence: Science and Practice* "Navigating Environmental Attitudes is a terrific book. Heberlein's authentic voice and the book's organization around stories keeps readers hooked. Wildlife biologists, natural resource managers, conservation

biologists - and anyone else trying to solve environmental problems - will learn a lot about attitudes, behaviors, and norms; and the fallacy of the Cognitive Fix." -- Stephen Russell Carpenter, Stephen Alfred Forbes Professor of Zoology, University of Wisconsin-Madison "People who have spent their lives dealing with environmental issues from a broad range of perspectives consistently abide by erroneous assumption that all we need to do to solve environmental problems is to educate the public. I consider it to be the most dangerous of all assumptions in environmental management. In *Navigating Environmental Attitudes*, Tom Heberlein brings together expertise in social and biophysical sciences to do an important kind of 'science education'-educating eminent scientists about the realities of their interactions with the broader public." --the late Bill Freudenburg, Dehlsen Professor of Environment and Society, University of California, Santa Barbara

The Witches' Almanac, Issue 34, Spring 2015-Spring 2016  
Theitic 2014-09-01 Founded in 1971 by Elizabeth Pepper, the art director of Gourmet magazine for many years, The Witches' Almanac is a witty, literate, and sophisticated publication that appeals to general readers as well as hard-core Wiccans. At one level, it is a pop reference that will fascinate anyone interested in folklore, mythology, and culture, but at another, it is the most

sophisticated and wide-ranging annual guide for the Wiccan enthusiast. Modeled after the Old Farmers' Almanac, it includes information related to the annual Moon Calendar (weather forecasts and horoscopes), as well as legends, rituals, herbal secrets, interviews, mystic incantations, interviews, and many a curious tale of good and evil. Although it is an annual publication, only about 15 percent of the content is specific to the date range of each issue. The theme of Issue 34 (Spring 2015–Spring 2016) is Fire the Transformer, and among our lineup of obscurities is the Krampus, a Wassail recipe, Botanicas, the Restless Dead, Rum, and the Tibetan Dorje.

**The Letters of T. S. Eliot Volume 7: 1934–1935** T. S. Eliot 2017-05-30 T. S. Eliot's career as a successful stage dramatist gathers pace throughout the fascinating letters of this volume. Following his early experimentation with the dark comedy *Sweeney Agonistes* (1932), Eliot is invited to write the words of an ambitious scenario sketched out by the producer-director E. Martin Browne (who was to direct all of Eliot's plays) for a grand pageant called *The Rock* (1934). The ensuing applause leads to a commission from the Bishop of Chichester to write a play for the Canterbury Festival, resulting in the quasi-liturgical masterpiece of dramatic writing, *Murder in the Cathedral* (1935). A huge commercial success, it remains in repertoire after eighty years. Even while absorbed in time-consuming theatre work, Eliot remains untiring in promoting the writers on Faber's ever broadening lists - George Barker, Marianne Moore and Louis MacNeice among them. In addition, Eliot works hard for the Christian Church he has espoused in recent years, serving on committees for the Church Union and the Church Literature Association,

and creating at Faber & Faber a book list that embraces works on church history, theology and liturgy. Having separated from his wife Vivien in 1933, he is anxious to avoid running into her; but she refuses to comprehend that her husband has chosen to leave her and stalks him across literary society, leading to his place of work at the offices of Faber & Faber. The correspondence draws in detail upon Vivien's letters and diaries to provide a picture of her mental state and way of life - and to help the reader to appreciate her thoughts and feelings.

Board Member Orientation Michael E. Batts 2011-02-01

Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service,

such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member

orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA
